**UNPRECEDENTED** in the long convention history of Penticton was the color party of the Ladies Auxiliary, Canadian Legion, BESL 28th annual convention. Shown above at opening ceremonies Monday in the Legion auditorium is the convention rostrum and presiding officials and in the background are some of the 74 flag bearers, who gave colorful dignity to the exercises. Seated, left to right, are Mrs. L. Breeden, South Burnaby; Mrs. A. McLennan, Vancouver; Mrs. A. Erickson, retiring provincial president, of Creston; Mrs. J. Black, Prince Rupert; Mrs. W. Green, Cloverdale. Flag bearers, left to right, are Mrs. A. Somers, Abbotsford; Mrs. A. Sables, Port Coquitlam; Mrs. J. S. Vrooman, Edgewood; Mrs. G. Haegeman, Vancouver; Mrs. B. Peck, Vancouver; Mrs. N. Lang, Osoyoos; Mrs. P. Hale, Port Coquitlam; Mrs. J. Bale, Vancouver; Mrs. J. P. Smith, Vancouver; Mrs. K. Stanley-Rees, Vancouver and Mrs. J. M. Holmes, White Rock.

## Ask Pension Increase

## Legion Ladies In Convention

Penticton was invaded by women this week, a friendly sort of invasion, made up of a force of 350 strong, as members of the Ladies' Auxiliary to the B.C. Canadian Legion and North Western States Command held their twenty-eighth annual convention, largest in the organization's history.

Deliberations concluded today and as delegates prepared their return to far-flung points of British Columbia and the state of Washington there are happy thoughts of a highly successful convention mingled with memories of hard work, fun and fraternal greetings.

## Colorful Parade To Cenotaph

Launched by one of the most colorful parades ever witnessed in Penticton, as ladies marched to the Cenotaph, Sunday evening, deliberations commenced Monday and continued until this afternoon.

It was a combination of work, entertainment and social events. But behind the convention lay the main theme of the auxiliary, paying of homage to those who fought and died for this country and ceaseless effort as the strong right arm of the powerful Canadian Legion.

Chartered busses, trains and private cars brought delegates here Sunday and in the evening members, dressed colorfully in Legion jackets and wearing berets, were led by the Legion Pipe Band down Main street to the cenotaph. Escorted by 75 smartly dressed standard bearers they formed a circle of respect

around Penticton's monument to her war dead as retiring president Mrs. A. Erickson, of Creston, laid the memorial wreath.

Later that evening they paraded to St. Saviour's Anglican Church where services were conducted by Legion padre, Rev. A. R. Eagles.

The convention opened on Monday with official greetings. Immediate B.C. Legion past president, Don McTavish, of Salmon Arm, conveyed the good wishes of the provincial command; May, or Oscar Matson extended a welcome to the city. N. G. Kincaid, zone commander, and G. W. Bolton, president of the Penticton Legion Branch joined in the welcome to the Okanagan and Mrs. P. F. Erant, president of the Penticton Women's Auxiliary, as official hostess, was warm in her greetings to delegates.

## Sip Champagne From Allan Cup

Deliberations broke off Monday afternoon when Grant Warwick, coach of the victorious V's, arrived at Legion Hall lugging the famous Allan Cup. He was given a tremendous welcome and many sipped champagne from the battered mug.

High on the list of resolutions were those dealing with increased veterans allowance and widows pensions in which auxiliary members back the Legion to the hilt.

Strength of their conviction is shown in a stern vein dispatched to Prime Minister Louis St. Laurent in which members expressed shock and dismay at "the callous attitude of the Dominion government in failing to consider problems of war veterans' allowance and widows' pensions at this session."

Message to the prime minister continued, "request re-consideration of stand. Cannot impress on you too strongly the feelings in the province of sympathy to those concerned and great sense of wrong being done that must be righted. Also request pensions act be amended to provide more adequate pensions to help dependent parents."

A similar protest was sent to Hon. Hugh Lapointe, minister of veterans affairs. But the message to Her Majesty the Queen was in different vein. It expressed continued loyalty and support. And from Her Majesty's private secretary came the reply of sincere thanks for kind and loyal assurances.

Other resolutions called for re- (Continued on Page 2)

## 86 STUDENTS IN GRADUATING CLASS OF 1954

# High School Graduation Ceremonies Tomorrow

For 86 students of Penticton High School June 3 will be a memorable day, for it is graduation day, when the class of 1954, 86 strong, will say goodbye to their Alma Mater, some to proceed to higher education and others to enter the work-a-day world, while one, at least, will turn to the athletic fields on which to carve out a career.

The annual commencement exercises of the Penticton Senior High School will take place tomorrow in the school auditorium. The ceremony is timed to start at 8:15 p.m., immediately following the graduation banquet at which G. J. Rowland, Herald publisher, will address the graduates.

Greetings and congratulations will be conveyed to the class of '54 by Mayor Oscar Matson on behalf of the city; by P. F. Erant, chairman of the School Board of District 15, speaking for the board, and School Inspector E. E. Hyndman will convey the greetings of the department of education.

**PRESENTATIONS** Presentation of scholarships, bursaries and other awards will be made. Major presentations will be the Henry Meyerhoff scholarships, the Kiwanis Club scholarships, the Lions Club scholarships, the Cranna Awards and the Alumni Association, the Glee Club, the Naramata Women's Institute, and the Kaleden Women's Auxiliary bursaries.

Awards will be made to leading citizens of the school by the P.T.A. Outstanding athletes will also receive recognition.

Other awards will be made by the commercial and home economics departments. The Student Council will give recognition to many of its association members. The ceremonies will come to a close with the valedictory address given this year by David Henderson.

The principal, H. D. Pritchard, points out that the Honors Day ceremony is a public affair. A very cordial invitation is extended to all citizens of Penticton and district to be present.

DAVID HENDERSON  
... Valedictorian

## Precautionary, Engineer Explains

# Low Lake Level Causes Concern

Reasons for the present low water level in Skaha lake were advanced today by F. J. Clarke, divisional engineer in charge of the Okanagan Flood Control project.

The low level, he told the Herald, is a "precautionary measure." The precaution is the greatest ever remembered by residents thereabouts and one, who has been a lifetime in the valley, told the Herald on Sunday that such a low level had never before been reached at such a time.

The situation has found lake-shore residents unable to get their usual water supply. At the federal government's cost, piping out into the lake has been extended.

**AFFECT TOURISTS** But all the unrest is not felt by nearby residents. Parks board, council, and other spokesmen are beginning to wonder about the effect on the first tourists, now beginning to arrive. While swimming has not been any kind of a factor in community activity as yet, because of the weather, early June always ushers in beach usage by tourists and local people alike.

The statement is made that by July the beach will be back to a guest speaker and flower show.

Penticton and district North cultural society will hold its regular meeting tomorrow night at 8 p.m. in the Hotel Prince Charles. The program includes a guest speaker and flower show.

## Penticton Votes Against Beer, Wine In Restaurants

Penticton restaurants will not be allowed to serve wine and beer with meals. By a vote of 1,066 to 985 the proposal was turned down at last Thursday's plebiscite held at Scout Hall.

Official figures released by A. T. Longmore, returning officer, are as follows: No — 1,066. Yes — 985. Rejected — 30. Total of 2,081 out of 5,952 registered voters went to the polls, representing a vote of approximately 35 percent.

Issue at stake failed to provide any lively interest with the majority of voters. Plebiscite was the result of efforts put forward by a citizens' committee who gathered about 2,400 names on a petition seeking the vote, and who were against sale of wine and beer with meals under dining room licenses.

## Colorful Regional Convention Ends

# Trail Man Head Of B.C. Jaycees

The spacious main hall of Penticton Armouries was barely large enough to accommodate the biggest Junior Chamber of Commerce regional conference ever to be held in the province as delegates, their wives and friends assembled for the final function of the three-day meet, the President's Banquet and Ball, Saturday evening.

Well over 225 delegates, representing 20 Jaycee units throughout the province and American visitors from the state of Washington were on hand to witness the installation of officers for Jaycee region one, comprising B.C. and the Yukon, and the presentation of many other awards and trophies. The affair was the culmination of three days of work and fun, said to be the most successful confab in region one history and certainly ranking among the most colorful conventions ever held in Penticton.

At the afternoon business session Saturday voting delegates chose Lawrence "Phil" Fillipelli, a 30 year old Jaycee from Trail, as regional president for the ensuing year. The contest was hotly contested by Don Smith, of Victoria. The installation exercises and swearing in of officers was the highlight of the Saturday evening banquet as Bud O'Sullivan, Vancouver, relinquished his office as regional president.

Allan Dann, Cloverdale, was elected by unanimous vote to the post of regional vice-president. In addition, Monty Aldous, North Vancouver, National Vice-President of the Junior Chamber, was named to stand for the office of National President.

Mr. Fillipelli brings eight years of experience in Jaycee work with him as he assumes the position of regional president. He has served as vice-president, then president of his local unit, in the provincial convention in 1952 and was regional director in 1953-54. Mr. Fillipelli is a graduate of UBC and is employed with Canadian Mining and Smelting Co. (Continued on Page 8)

## BCFGA June Meeting At Summerland Farm

Change of location has been made for the next meeting of Southern District Council, BCFG. The meeting, scheduled for June 26, will be held in the food products building at the Summerland Experimental Farm.

## Lions International District 19 To Hold Fall Conference Here

Another convention for Penticton in 1954, Penticton's biggest convention year in its history, will be brought to a close November with the holding of the late fall conference of the District 19, Lions International here.

Announcement of the fall conference was made by Penticton Lion Pat Moen, a delegate to the annual convention of the International Lions' District 19, which concluded in Vancouver last Saturday.

More than 700 Lions from B.C. and northwestern states are expected to attend the late fall conference. Early this year the Penticton Lions hosted some 200 Lions from district 19 at a "visitation" and took them to a hockey game. That proved so popular with the Lions, many of whom had never seen a hockey game, that it is now planned to include a hockey game in the entertainment of the fall conference program.

## United Appeal Campaign Here "Satisfactory"

The Penticton and District United Welfare Appeal is anxious to wind up its first united appeal for funds campaign before the meeting to be held on June 21.

In consequence people still wishing to make donations are asked to make them as soon as possible. Payments can be made through the Bank of Montreal.

Captains of canvassing teams with unused cards are also requested to turn these in, along with any related subscriptions as soon as possible.

The appeal, the first of its kind to be made in Penticton, is described by officials as having proved satisfactory.

## Meanest Thieves

Bidding for the title of meanest thieves of the year are those who stole lumber from the Little League ball park site recently. President Frank Higgins said the loss was discovered last night and they are seeking any information which might help in recovering the wood.

In addition to the cost of the lumber, the time involved in cutting and drilling it for bleachers and fence construction could seriously delay completion of work.

"They want that lumber back — no fooling! It is just the same as stealing from a little boy."

**BOO! TWO LITTLE GIRLS**, half frightened by the fierce looking totem pole with real logs, scamper away as an unidentified Jaycee in the unique costume of the North Vancouver unit plays bogey man. The North Vancouver delegates to the 18th annual convention of the B.C. and Yukon Junior Chamber of Commerce stole the spotlight in the Main street parade Thursday afternoon with their march of the totem poles.

**MAN, THAT STEER LOOKS GOOD!** Four local Jaycees drool as Larry Almos (white shirt), barbecue chef deluxe, prepares to carve the outsized roast for the hundreds of hungry Jaycee delegates attending "open house" on board the SS Seacom Friday evening. It was one of the most successful barbecues ever held in this area, from a taste point of view, said the Jaycees. Left to right are Penticton Jaycees Frank Kaniz, Ivor Haddleton (convention chairman), Al Ferguson and Ron Parker. The three visiting delegates at left are not identified.

—Photo by Morrison

**THE "TALKING STICK"** symbol of the spokesman around the council fires of the Squamish Indians, was presented to Mayor Oscar Matson on behalf of North Vancouver Mayor Charlie Cates, by the North Vancouver Jaycee delegation attending the annual Junior Chamber convention here. Dominic Paul, well-known Okanagan Indian, stood with mayor as the Indian symbol was presented.

opening of a veterans shop in British Columbia, enabling veterans to make good quality poppies; earmarking of a donation to the Korean book fund; establishment of a scholarship for a veteran's daughter; abolishment of the sales tax on clothing of students in elementary, junior and senior high schools; building of a road south on lower Arrow Lake. The latter resolution notes that SS Minto has been taken out of service, cutting off residents from a market for their produce and from medical facilities.

Reports show a total membership in the province of 5,908 made up of 146 auxiliaries and two junior auxiliaries. Amount of money raised last year was \$167,974 expended through various branches, veterans hospitals, overseas parcels, flood relief, community efforts and assistance to fellow organizations.

Feeling of auxiliary members was summed up by Mrs. Dorothy McLellan, provincial secretary, who said at the conclusion of her remarks, "from this brief outline of our activities and detailed reports of conveners, you will agree we have an organization to be proud of and second to none."

#### Low Lake Level

(Continued from Page One)

normal. Yet June always provides a sizable part of the district's valuable tourist traffic.

**EVERY YEAR**  
Now comes a rumor that, not only in the current years, but in future years, the control authorities plan something of the same situation in Skaha Lake at the same season.

Alderman Wilson Hunt told the Herald this week that he had been given such a statement by a high official involving the federal control.

"If it's going to be the same situation, in every June, it's going to be a serious situation indeed," stressed Alderman Hunt.

What might be accepted this year, in token of certain run-off conditions, and because of the need for particularly low water to facilitate continuance of control work farther south, should surely not have to be endured in every continuing year, in Alderman Hunt's judgment.

**BATHING HAZARD**  
Meanwhile, until the lake level does come up, any usage by bathers, particularly children, has a certain hazard.

This is because the bather can wade out for a considerable distance. Then there is a sharp fall-off. A youngster would have to go out to quite a distance to get any bathing depth at all, then might be suddenly trapped. The idea has been advanced that the danger line could be marked with buoys. But the situation will probably be affected by the filling up, which should start soon.

Meanwhile, floats cannot be put out by the parks board. Consensus of opinion of those who have been contacting the Herald with their complaints is, that the control has obvious reason; but it appears to have been carried to an unprecedented length this season, and there is the warning of resistance to any hint that such a situation must be regarded as inevitable in future years.

Meantime Mr. Clarke, the district engineer, in explaining the precautionary situation to a Her-

## HEAVY DROP IN APRICOTS

A heavy drop, particularly in apricots, is occurring at the present time members of Southern District Council, BCFGA, stated at their regular meeting last Saturday.

This information was imparted when A. R. Garrish, BCFGA president, spoke of action taken in asking consideration by the government for possible aid to frost-stricken orchardists.

Mr. Garrish reviewed the situation from the time a wire was dispatched to Dominion Agriculture Minister James Gardiner and the subsequent reply that it was a provincial matter.

Provincial authorities were then asked to make a survey, and this has been done.

Entire question is being studied by provincial agricultural officials, said Mr. Garrish, and when a decision is made, BCFGA will undoubtedly be advised.

"If they are prepared to do anything then we will be in a position to make a proposition," stated the BCFGA president, "but I would like to emphasize that we have not asked for a gift. We have sought, instead, a long-term repayable loan."

#### NARAMATA

Mr. and Mrs. Charles Pohl and Caroline have returned home after holidaying for the past two weeks with relatives and friends at Maystone, Saskatchewan.

Mrs. Wesley Cairn-Duff has returned home after spending the past several weeks in the Penticton Hospital.

ald reporter, has also stressed that the situation has its complexities.

**PRECAUTIONARY**  
"From April until June 15 Skaha lake is kept at a low level as a precautionary measure," Mr. Clark stated. "The lake acts as a sort of reservoir. For example, if a sudden runoff occurred, Skaha lake could act in a storage capacity for as long as 48 hours while a stream like McIntyre creek had a chance to return to normal, thus not endangering residents living to the south of it."

It is all a matter of control, the engineer explained. In Okanagan lake there is a control of four feet of water level which drops to a two-foot control in Skaha lake.

High elevation in Okanagan lake is 1123.2 feet above sea level and low level 1119.2 feet. Figures at Skaha lake are 1109.9 high and 1107.0 low.

After June 15 we shall start to gradually fill Skaha lake to its high level and this should be attained about July 1 when flood danger becomes more remote," Mr. Clark continued.

On the watershed's lower regions in the vicinity of Lake Osoyoos, control cannot be achieved until section C is completed, likely sometime next year. There is greater danger of flooding in winter than in summer in that area.

Contracts for part of the work in the Oliver district are expected to be let in August, Mr. Clark added.

He quoted figures to show capacity release at dam-controlled points. Full distance rate at Okanagan lake dam is 2,100 cubic feet per second, at Skaha lake 2,800 cubic feet, and at McIntyre Bluff 3,400 feet.

Control increase is to take care of accumulative waters as the lake and river system lengthens.

## Editorials

### Bon Voyage

"Bon voyage" is the slogan attaching to this year's graduates of the Penticton high school who, at this time, will be closing an important and memorable entry in the log of their various travels through life, and looking forward to new days.

Their graduation banquet and exercises Thursday evening, their other functions, all emphasize the occasion for them, and for their elders, indeed for the entire community.

Here and elsewhere throughout so large a part of the world, there is the same observation at this time. Another wave of young people expands into the outside world. Penticton's small part of the great wave, we have no hesitation in saying, will contribute its share to the tasks and tests of the future.

### Worth Untold Sums

About everything that could be said or could be written has already been poured over the air or got into print concerning the great hearted Penticton hockey team, the holders of the trophy for Canadian senior hockey supremacy.

We just want to add sincere congratulations and to emphasize a fact or two for Vernon and the North Okanagan. The Penticton team was generous in acknowledging the support forthcoming from every centre in the valley. Some was of the Johnny-come-lately variety, to be sure, but nonetheless the Okanagan is basking grandly in the reflections cast by the wonderful Vees of Penticton.

In a very real sense, the Okanagan is one community. Perhaps it is not too grandiose to say that this truism is appreciated as much in Vernon as in any other community making up the whole.

### Whither The Welfare State?

All political parties in Canada are committed in principle at least to the concept of the welfare state. Implicit in such acceptance is the thoroughly understandable conviction that the resources of the country should be used in such a manner as to assure full employment and at the same time provide the fullest possible measure of social insurance for the entire population.

The fatal weakness in this concept of the welfare state is that full employment generates forces that inevitably tend to undermine the fabric of social insurance to the point where social security for the aged, the ill, and the infirm ceases to have any relation to reality. The reason for this is that full employment fosters

### Too Much Precaution?

Penticton's prime summer asset, so far as the tourist traffic is concerned, is found in its beaches. The asset yields an income that has been growing, year by year, until now it can be truthfully emphasized that the volume of circulating dollars brings an advantage, in some way, to everyone.

The income promises to grow even larger. But it won't — it won't even stay where it is — if those beaches are despoiled.

It may be that we are exaggerating the situation. We certainly hope so. But we are nevertheless anxiously perturbed by a situation that seems most obvious on the Skaha lake beach frontage. There the low water is at such a level that the parks board cannot think of putting floats out; a would-be swimmer must wade for what seems an eternity through sand bars, its usage by local and visiting bathers — as it is at present — is a joke in comparison with what it once was. It's the effect on tourist traffic, now starting, that really interests us.

It's early yet, it's true. There aren't many beach-users. But June is a month that yields the first visitors, and we hope that the situation won't continue to be such that the month of June is in future to be ruled out of the tourist season. In brief, we hope the beach situation there will not be a year-after-year problem.

This year, it may be, is to be treated in a different way. The run-off did not come quite as expected. There may still be elements of flood danger. We are also aware of statements made by the flood control authorities that unusual considerations must be observed this year in token of continuing work in the southern part of the control development. All this is valid.

### Can't Have It Both Ways

Quebec is the only province of the ten that holds aloof and refuses to sign a tax agreement with the Federal Government.

But Quebec is now to have a provincial income tax, and the Duplessis Government has been demanding (and has been receiving support for the demand in strange quarters) that the Quebec taxpayer be allowed to deduct from his Federal tax payments the full amount of

Voyaging in that future carries promises and threats. Not all seas of life are as well charted as we sometimes think. There is more than one cloud on the horizon of men's affairs and it is idle to watch any such launching with merely the empty phrase of casual optimism and empty words of encouragement that are not linked to honest advice. Such advice must include the reminder that the discipline and restraint of school and home will be more than ever needed as the wind fills the sails and every pupil's little ship seeks its destination.

"Bon voyage", the long-honored cry of goodwill to the traveller, is truly the community's salutation at this time to its young people being congratulated on their graduation from school.

Certainly this city was warmly behind the Penticton team almost from the very moment our own Canadians were beaten out by the eventual Allan cup winners.

The favorable publicity that has been garnered by Penticton could not have been purchased at any price by the most energetic chamber of commerce loaded with dollars. Not only are great areas of Canada today more aware of Penticton than would have been thought possible two months ago, but they are aware of the favorable aspects — the climate, the beauty and productivity of the country, the wealth and well being of a community. Today's methods of communications are so swift, so penetrating, so great of impact that the overall favorable impression of Penticton secured for free is worth untold sums in that city's cash registers. This is a lesson Vernon could take to heart.

—The Vernon News.

## Letters To The Editor

Letters to the editor must carry the name and address of the sender. Pen names will be accepted for publication but preference will be given to letters published over the writer's own name.

Ed Note: Recently a Herald correspondent wrote asking if someone would detail what happens to those pints of blood donated to the Red Cross. The following letter is in answer to that query.

The Editor,  
Penticton Herald.

Blood can be used as whole blood for transfusion purposes, up to 21 days from the time of donation. After that any unused blood is made into plasma. None of it is wasted.

All human blood is classified under the four major blood groups called A.B.O. system. In addition, all blood is either "positive" or "negative" to the Rh factor, the proportion being 85 percent positive and 15 percent negative. Actually there have been 49 classifications of human blood discovered, and there are over 30,000 combinations possible.

When a person needs blood, it is important that he receives blood of a group and type that will match his own but under certain conditions "O" group blood may be used since it has many of the characteristics of the other groups. The decision as to whether blood shall be given or not, rests with the attending physician. The Red Cross has nothing to do with this phase of the service.

According to our agreement with the hospitals, no charge is made for blood or plasma. It is freely given by the donors to the patient, the Red Cross being the medium by which the gift is made possible. The cost of operating the service comes from the money given to the Red Cross

during the annual campaign. I would like to assure your correspondent, that because of her, and thousands like her, hundreds of lives have been saved, and untold suffering and anxiety have been relieved. We need many more donors like her, since the service has grown to be a vital part of our system of health and welfare.

May I add my sincere appreciation of the excellent support given to us in the columns of your valued newspaper.

M. D. ROBERTSON,  
Divisional Director,  
Blood Donor Panels,  
Canadian Red Cross,  
B.C. Division

The Editor,  
Penticton Herald.

### THANKS VOTERS

On behalf of the Citizens' Committee and myself, I would like to express the opportunity of expressing through the medium of your paper, our sincere appreciation to all the voters who showed sufficient thought and interest to express their opinion in the recent liquor plebiscite. We were gratified that the majority decided what we believe to be in the best interests of our city and its youth.

We also thank those who gave freely of their time and effort in the canvass, the organizing, and the scrutineering in connection with the plebiscite. And too, we appreciated the cooperative attitude of the staff in charge of the polls.

Wesley H. Wakefield,  
Chairman,  
Citizens' Committee of  
Penticton.

## Pioneer Days

### 10 YEARS AGO THIS WEEK

There seemed little possibility of having the Hope-Princeton highway open for traffic this year. Victoria, agreed to act in the Cawston land deal so that returning servicemen could have everything necessary. Convention of Knights of Pythias and Pythian Sisters was held in Penticton. A. G. DesBrisay was re-elected president of B.C.P.A. Residents of Okanagan Falls asked government help in rehabilitation after Campbell Meadows dam washed out and flooded the district. In Penticton, crews worked desperately to keep Penticton Creek within its banks.

### 20 YEARS AGO THIS WEEK

Hall damage to Skaha Lake orchards was estimated at 150,000 boxes of apples. Well known baseball pitcher of Oliver, Lewis (Berg) drowned in Okanagan River. A group of Pentictonites claim they saw Ogo-

### 30 YEARS AGO THIS WEEK

po off Trout Creek Point. Necessity of a sewerage system was discussed by the Penticton Board of Trade. More than an inch of rain fell in Penticton during the month of May. Surfacing of the highway from Kamloops to Osoyoos was planned. Thermometer registered 100 degrees at Oliver. 30 years ago this week, Premier John Oliver addressed a large audience at a meeting here that was characterized by many interruptions. There was some talk of re-establishing the dehydrating plant in Penticton. Edmonton University girls basketball team defeated Penticton girls by a score of 23-11. John A. MacKelvie, Conservative M.P. for Yale, died suddenly at Ottawa. Cherry picking got underway in Penticton. A weekly news letter says frost damage will result in better quality fruit.

## FESTIVAL CROWNING CEREMONY TO BE HELD AT QUEEN'S PARK

All major decisions and reasons for any changes in regular procedure will henceforth be published, officials of the Penticton Peach Festival Association decided at their regular meeting held last night at the Hotel Inco.

Two important decisions this year are the addition of the International Square Dance Jamboree and moving of the crownin ceremony from Groy Park to the rodeo arena, where square dancing will take place.

Rodeo, which in past years has been expensive, is being replaced by the mammoth square dancing as officials embark on a program which, it is hoped, will help erase the \$10,000 deficit.

Moving of the crowning ceremony to Queen's Park will centralize all activities and launch the festival on an earlier start

as well as provide better accommodation for spectators.

Enthusiasm for square dancing is spreading and many "test" jamborees are planned. Next one is slated for Kamloops, Saturday night. It will be under supervision of Les Boyer, of Okanagan. Washington, president of Folk Dance Federation in Washington and the man who will be master of ceremonies for the Peach Festival jamboree.

Another jamboree is scheduled for Penticton, this time at the Memorial Arena. Parks Board, Peach City Promoters and the Peach Festival Association are co-sponsors of this event, slated for June 10.

In other business at last night's meeting, Miss Joan Nagle, Queen Val-Vedette V and Miss PNE of 1952, was appointed stenographer for this year's festival.

## Automatic Sprinkler Proves Worth In Summerland School Fire

SUMMERLAND — An exploding bottle of gasoline ignited clothing of A. E. Traylor, head custodian at MacDonald elementary school, and caused severe burns to his legs and arms. He is reported in good condition at Summerland General Hospital following the mishap, which occurred last Thursday noon.

Although Mr. Traylor's clothing was blazing, he turned in a fire alarm before seeking medical attention. The fire, which occurred in the school's furnace room, was quickly extinguished by automatic sprinklers.

It is believed Mr. Traylor was

carrying the gasoline which is used for the lawn mower when it struck the water heater, breaking the bottle.

Quick thinking on the part of Miss Mary Pelt, teacher of 37 children in a nearby basement classroom, averted what might have been a serious fire. Noticing smoke, she closing the door and quickly evacuated the children through a window.

Few parents realized an actual fire had occurred because the siren is tested each Thursday noon and the blaze took place just five minutes earlier.

Home Phone 5072

Imperial's shopping bill is more than 1 million a week  
...that's what we spend  
in Canada just for everyday  
needs. It doesn't include

crude oil, which alone runs to 4½ million a week!

Nor does it include wages, salaries or taxes.

What do we buy? Everything... from soup

(to feed geological parties)

to nuts (to fit a few

million bolts)

derricks dynamite and diesels

and even catalytic cracking units

("cat crackers" they're called)

to make those better gasolines.

We buy things from

6,000 Canadian firms

from coast to coast. Shopping

on this scale creates a lot

of work for a lot of people...

right across Canada.

Cawston Boy Escapes Serious Injury  
In 40-Foot Plunge With Tractor

CAWSTON — A Cawston youngster, Norman Trigg, son of Mr. and Mrs. Jack Trigg, was badly shaken up and injured, when the tractor he was driving ran over the steep edge of the Cawston Bench.

The plucky youngster made a terrific effort to keep the tractor under control but managed to get clear before it rolled over on its side.

The youngster, 13 years of age, had been cultivating for his father after school hours and watching him were neighbors, Mrs. Harry Wellbourne and her sister, Mrs. Fetterly, who both live directly opposite the Trigg home on the edge of the bench. The Cawston Bench is over 100 feet above the Keremeos Creek at this point, reached by an extremely steep slope.

When they happened to look back a moment later, the tractor had disappeared and Mr. Fetterly was racing for the slope. He had seen the tractor rolling down hill out of control. But young Norman had evidently got clear.

Mr. and Mrs. Wellbourne and Mr. Fetterly waded across the creek and found the youth half way up the hill.

Mr. Wellbourne made the boy comfortable without moving him. Mrs. Margaret Ritchie, local nurse, and Charlie Luxon, first aid man at the Keremeos Co-operative, administered first aid and got the boy away to the Penticton Hospital.

The outcome of the youngster's adventure has been extremely lucky for Norman is now home again still suffering from severe bruises, a broken wrist and shock. People who know the hill in question can still scarcely believe it.

Summerland High School Band  
Presents Second Annual Concert

SUMMERLAND — Summerland High School band presented their second annual concert on Thursday and Friday evenings in the school auditorium, giving good entertainment on both nights.

John Tamblin, school bandmaster and conductor, was congratulated on all sides for progress made.

Staging, costuming and lighting effects added to the program to make it varied and full of surprise bits.

The clarinet quartette composed of Jean Johnston, Barbara Baker, Carlton Sheeley, and Larry Crawford, which won first prize at the Kelowna musical festival was a feature and there was

Many Organizations Behind  
Drive For Community Health  
Centre To Serve Similkameen

KEREMEOS — At a meeting, called last Wednesday in the library of the South Similkameen high school, representatives of 20 organizations of the Similkameen district met to discuss the feasibility of building a community health centre to replace the inadequate building on Main street, which has outgrown its usefulness. The meeting called at the instigation of the Similkameen Public Health Board, was chaired by Mrs. J. C. Clarke. In attendance was Dr. D. A. Clarke, director of the South Okanagan

Health Unit, Miss J. Pallister, supervisor of nurses and Miss Helen Pyne, local Public Health Nurse.

Dr. Clarke gave a short but interesting outline of the history of the excellent nursing services in this area for approximately 40 years and stressed the immediate necessity of providing better facilities for modern preventive services.

Mrs. Clarke, one of the Public Health Nurses, who served the district in the past, explained the plan of the proposed health centre, which includes a meeting room, a clerk's office, nurses' office, medical room and plumbing facilities. In addition to the above, accommodation would be provided for (a) health unit personnel, (b) child health conferences, (c) visiting doctor's office, (d) voluntary health organization, (1) home nursing classes; (2) St. John Ambulance Brigade; (3) Red Cross Society; (4) Cancer Society; (5) Canadian Arthritis and Rheumatism Society.

The building will be owned by the community. Operating expenses will be paid by the health unit and repairs will be the responsibility of the community. Dr. Clarke pointed out that grants were available from both the federal and provincial governments on a one-third basis each with the community also responsible for one-third of the cost.

Representatives at the meeting appeared to be personally very much in favor of the proposed new centre and it was unanimously decided that representatives would report to their respective organizations for further direction in this matter and that a further meeting would be held on Monday, June 14 in the same location to consider the wishes of the community as expressed through the various representatives.

Honorable H. H. Stevens devoted many years to public life in Canada and has been a tireless booster for British Columbia.

Now considered an elder statesman, he was cabinet minister in the Conservative government headed by the late Prime Minister Bennett. A one-time president of the Vancouver Board of Trade and alderman of that city, his most recent public work was as head of the Stevens Commission which inquired into the liquor question in the province and brought in far-reaching recommendations to the provincial government.

Mr. Stevens, spoke to Jaycees on the topic "To Know Why Is More Important Than To Know How." Before launching his talk, the speaker recalled that 58 years ago he drove stage coach out of Penticton and has known the Okanagan Valley for 60 years.

IDEALIZE KNOW HOW  
"We in the last two generations have come to idealize 'know-how', we are proud of what we know and proud of the achievements and technical advances it has brought our country," began Mr. Stevens.

"But in spite of 'know-how' and our great national wealth," he continued, "we are not a happy and contented people."

The speaker described the condition as being "torn with fear and anxiety" and referred specifically to the constant battle of labor for the elusive goal called security.

Mr. Stevens said that as science probes deeper into the working of our lives, there is a growing sense of bewilderment and remark that the phenomenal achievements of the past half century have been accomplished "only by the sacrifice of the pioneer people of Canada."

The speaker criticized the growing tendency to place the moral and philosophical aspects of life secondary to the acquiring of material goods. Mr. Stevens spoke out strongly against the practice

of materialism, which he said was a growing sense of bewilderment and remark that the phenomenal achievements of the past half century have been accomplished "only by the sacrifice of the pioneer people of Canada."

## In And AROUND TOWN

Travelling by plane from Vancouver to spend the recent long weekend holiday in this city, Mr. and Mrs. William Dixon were guests with the former's parents, Mr. and Mrs. John Dixon, and his brother-in-law and sister, Mr. and Mrs. Geoffrey Smith.

Mrs. Fred Burton left on Monday morning for the coast where she will visit friends and relatives prior to travelling north to Dawson Creek to spend two weeks with her brother, Hubert Orr. Mr. Orr was a visitor in this city with his sister last winter.

Among the many Pentictonites in Vancouver last week to attend the annual convention of Lions Clubs from district 19 were club president, Stuart Whyte, and Mrs. Whyte; Mr. and Mrs. Pat S. Moen, Mr. and Mrs. Carl Pedersen, Mr. and Mrs. Jack Thompson, Mr. and Mrs. Pat Hines and J. Connell Cooper.

Penticton was well represented at the annual Unit 11B Florists Telegraph Delivery convention held in Kelowna over the recent holiday weekend. Travelling from here to attend the business clinic and design school were Mr. and Mrs. H. W. Montague, proprietors of Monty's Flower Shop, and staff members, Mrs. William Schinz, Miss Rosita Apigil and Miss Yvonne Smith.

Mr. and Mrs. J. Connell Cooper have arrived after spending several days in Vancouver. While away they both attended the capping ceremonies at the Vancouver General Hospital in which their daughter, Ann Maureen, participated. Prior to that Mr. Cooper joined other Pentictonites at the Lions Club convention, and on Monday of this week attended the conference and banquet held by the Canadian National Institute for the Blind in the coast city.

Mrs. John N. Pearson, R.N., and Mrs. Gertrude Hotson, R.N., delegates from the Penticton Chapter of Registered Nurses, will leave on Sunday for Banff where they will attend the biennial conference of the Canadian National Association of Registered Nurses being held there next week.

Among members of Edna Chapter No. 33, Order of the Eastern Star, who will travel to Vancouver to attend the annual grand chapter session being held next week will be the local chapter's worthy matron and worthy patron, Mr. and Mrs. J. S. Dickson; Mrs. H. H. Whitaker, past worthy grand matron of the grand chapter of British Columbia; Mrs. J. L. Hooper, grand Esther; Mrs. J. L. Palethorpe and Mrs. J. G. Webster, past matrons; Mrs. W. Watts, associate matron, and Mrs. Cliff Greyell, conductress.

## Kiwassa Club Advances Bazaar Plans At Meeting

Although the major and only annual fund raising project of the Kiwassa Club, the fall bazaar scheduled for November 27, is several months away, it was the centre of discussions at the Monday evening club meeting held at the home of Mrs. E. W. Unwin with the president, Mrs. Clyde M. McLeod, occupying the chair.

Tentative bazaar plans were made early in the year and it was at the current meeting that the appointment of committee conveners was finalized. Mrs. R. V. White and Mrs. G. J. Winter, chosen co-conveners at the beginning of the season, will be assisted by many in the forthcoming popular event.

Mrs. E. T. Moore, white elephant stall; Mrs. W. A. Marlow, knitting; Mrs. Howard Logan, dolls; Mrs. W. A. Rathbun, advertising; Mrs. M. H. Wright, Christmas novelties; Mrs. W. A. McIver, tea tickets; Mrs. J. H. Stapleton, tea conveners; Mrs. Harold Barritt, homecooking; Mrs. R. A. Patterson, refreshments; Mrs. L. L. Odell, one-dollar table, and Mrs. Syd H. Cornock and Mrs. H. W. Wensley.

The president expressed appreciation to the members who assisted with the tea held at the home of Mrs. E. L. Boulton in this city for the spring conference, and to the members for providing refreshments at the recent Kiwanis dance held in the Hotel Prince Charles.

Following the adjournment of the meeting a pleasant social hour was highlighted by a contest awarded by Mrs. W. A. Marlow and by the serving of a decorated cake in honor of the club president's birthday anniversary. Co-hostesses for the evening with Mrs. Unwin were Mrs. Marlow, Mrs. Wensley, Mrs. Cornock and Mrs. C. Tupper Hayward.

The next meeting of the Kiwassa Club will be on June 28.

**WM. J. (Bill) HARRIS**

**UNION CARD for a Tape Recorder.**

The Conductor raised his baton, someone pushed a button, and the "solos", one who could never give an autograph, began to play with the orchestra.

Thus was given in Louisville the world premiere of "Thapsodic Variations for Tape Recorder and Symphony Orchestra", with the Tape Recorder serving as solo instrument.

The work, credited to Otto Luening and Vladimir Ussachevsky, was one of forty compositions being commissioned this year under the terms of the Louisville Orchestra's \$400,000 Rockefeller Foundation grant awarded in April of 1953.

The Electronic soloist roared on-stage at the conductor's left. A musical manipulator, the controls that brought forth, according to one critic, "sounds from an air terminal".

Now the questions arise. Does the Tape Recorder have a job to do? and what happens in the event of a power failure?

For more information on tape recorders, pianos, hand instruments, stringed instruments and all accessories, records and music, call in at the Harris Music Shop. See our windows this week for special buys on all instruments.

**GARY COOPER** in a scene from "Return to Paradise" in which he stars with Roberta Haynes and Barry Jones. "Return to Paradise", a story of romance and adventure on a South Sea island, opens at the Pines Drive-In Theatre Thursday.

## Miss Joan Rorke, Nurse Graduate, Award Winner

Miss Joan Rorke, daughter of Mr. and Mrs. H. O. Rorke, of this city, was the recipient of two of the awards presented to graduates of the Calgary General Hospital School of Nursing at graduation ceremonies held on May 26 in the Central United Church, Calgary.

She was among the 51 graduating nurses who received a pin and diploma representing three years of training and sacrifice.

Presented by Dr. L. O. Bradley, General Hospital administrator, medals and scholarships were awarded four of the class members. Miss Lucinda Webb, Calgary, was awarded a gold medal and a scholarship of \$500; Miss Joan Rorke, of Penticton, B.C. (the only member of the class from this province) was awarded the silver medal and a scholarship of \$300; Miss Lona Dey, Red Deer, and Miss Margaret Gordon, Calgary, shared the third award, a \$300 scholarship.

Miss Webb and Miss Rorke, aside from winning scholarships were also presented respectively with an award for proficiency in surgical training donated by the hospital's alumnae association and an award for the highest standing in pharmacology donated by the Alberta Pharmaceutical Association.

Miss Rorke, who has six months of her training to complete, has made no definite plans for the future but according to her father, who with Mrs. Rorke, attended the graduation ceremonies, has two years to take advantage of the scholarship specifications.

## Campfire Girls Entertain Guides Over Weekend

Forty-five Girl Guides from the South Okanagan division accompanied by 25 members from the Boundary division were in Wenatchee, Washington, over the weekend as guests of the Campfire Girls, a group comparable to the Guides of Canada.

Leaders accompanying the girls on the enjoyable visit to the United States were Guide Lieutenant Mrs. Bruce Blaghojny, of Sumnerland, and Brown Owl, Mrs. Ruhl, of Allenby, with the South Okanagan division, Boundary division leaders were Guide Captain, Mrs. I. Mikulko, and Guide Lieutenant Miss I. Pitt-Brook, both of Oliver.

The entire group joined with the hostess organization in attending a "Guides-O'-Own" church parade in Washington Park prior to leaving for home on Sunday morning.

Adding considerable pleasure to the visit was the bus transportation provided by Carver Bros. with two very congenial drivers, Nathan Carter and Everett Tatler.

**Mrs. Marie Lawrence**  
Elected President  
Of Soroptimist Club

A unanimous vote by members of the Penticton Soroptimist Club, attending their recent May business meeting in the Red Cross Centre, chose Mrs. Marie Lawrence as club president for the 1954-55 term of office. Mrs. Margaret Michie, was elected vice-president; Miss Edna Cameron, secretary, and Miss Joan Benoit, re-elected treasurer. Directorship will be filled by Mrs. Lillian Moore.

Installation of the officers will be held at a banquet in the Hotel Prince Charles on Friday evening, June 18, and invitations to attend the occasion have been sent to Soroptimist Clubs in British Columbia and in Washington.

## Naramata Lad Dies Following Brief Illness

**NARAMATA** — Following a brief illness with an acute intestinal infection, a Naramata lad, Frederick Scott Baker, 15, passed away in the Penticton Hospital on Saturday afternoon, May 29.

"Freddie", as he was known to his many friends in the community, was born and raised in Naramata and was a member of a pioneer valley family.

He is survived by his parents, Mr. and Mrs. Eldon M. Baker, two brothers, Roy and Donald, and one sister, Jean, all at home. Grandparents are Mr. and Mrs. F. C. Baker and Mrs. M. Hook, all of Naramata.

Funeral services were held in the Naramata United Church yesterday at 2 p.m. with R. A. McLaren officiating. Interment took place in the Naramata Cemetery.

A number of the young school mates of Freddie were pallbearers, Barry and Randy Hook, Albert Gawn, John Dunn, George Bailey, all of Naramata, and Ronnie Lindberg, of Penticton. The

## Rebekahs To Sponsor "Bake Sale" Here

At the regular session of the Redland Rebekah Lodge No. 12, held last week in the IOOF Hall, plans were finalized for a "Bake Sale" to be held on Saturday afternoon at the Capitol Cafe. Convener, Mrs. Jack Hutcheson, has requested that all donations of homecooking be left at the cafe between 1:30 and 2 p.m.

Prior to the sale discussions an official welcome was extended to Mrs. Loretta Hack, of Sumnerland, the district deputy president, who was making her last visit to the lodge in her official capacity.

Penticton Funeral Chapel was in charge of arrangements.

A HOLMWAY-PAINTY PRODUCTION

## Beryl Audrey Robertson, Summerland, Bride Of American Airforce Officer

SUMMERLAND — A wedding of considerable interest here and throughout the Okanagan where the family is well-known took place in the First Baptist Church in Taft, California, on May 23 at 8 p.m. when Beryl Audrey, only daughter of Mr. and Mrs. Gordon Robertson, West Summerland, was married to 2nd Lt. Donald Eugene Denison, son of Mr. and Mrs. T. M. Denison of Taft, following his return from service with the American Airforce in Japan.

The double-ring ceremony was conducted by Rev. Warren Laman.

The lovely bride had chosen a pink gown in ballerina mode fashioned of net over taffeta. The bodice was strapless and worn with a matching stole. The skirt was made of row upon row of ruching. She wore the groom's gift of pearls which he brought from the Orient, and carried a hankie sent from France for the occasion. A tiny matching pink hat with a wisp of veil completed her costume and she carried or-

chids. Mrs. Maurice Robb, of Bakersfield, California, formerly of Pen-tleton, was matron of honor and was in a pink and grey costume with colonial bouquet of pink and white carnations.

Miss Margaret Smith, of Taft was organist and the best man was Jack McGee, of Taft.

A reception was held at the home of the groom's parents. For the motoring up to Canada the bride changed to a cocoa and white nylon taffeta frock hat and shoes to match. She carried a gold purse and wore an orchid from her wedding bouquet.

Following a holiday en route, and in Summerland at the home of the bride's parents, the couple will go to Williams' airforce base at Chandler, Arizona, where the groom has been posted as an instructor.

Prior to her wedding the bride was honored at a shower and dinner party in Taft.

Mr. and Mrs. Robertson arrived back on Monday evening after driving to California with their daughter for her wedding.

Sixty-five members of the Old Age Pensioners' Club, of this city, were guests of the Pentiction Business and Professional Women's Club at afternoon tea on Sunday on the SS Scamious following the annual spring motor tour of the city and surrounding districts, conducted by the BP Club to entertain the older citizens of the community. Miss Adelaide Evans and Mrs. E. G. McAndrew were in charge of the arrangements for the event.

## Legion Ladies Work And Play Hard At Convention

### Anglican Church New Parish Hall Setting For Tea

NARAMATA — Particular interest is centred this year on the annual spring tea to be held here under the sponsorship of the Guild to St. Peter's Anglican Church next Wednesday afternoon from 2:30 to 5 p.m.

It will be a memorable occasion for the members of the parish as the tea party will be the first public function to be held in the recently constructed parish hall adjoining the church proper. Extensive arrangements for the event have been completed and a very enjoyable party is in promise for those planning to attend.

The sale of homecooking will be one of the featured attractions during the afternoon and pleasing floral decorations will interpret the spring theme of the tea party. Among those who will be present to greet the guests will be Mrs. George Tinning, Guild president, assisted by members and Rev. A. R. Eagles, pastor of St. Peter's with Mrs. Eagles.

The navy blue beret jauntily worn with its green maple leaf crest directly over the left eye and navy blue blazer topped a grey skirt and for some occasions a white skirt, all recognized as official garb, have been proudly worn by close to 400 women converging in this city this week to attend the annual convention of Canadian Legion B.C. and North Western States Command Ladies' Auxiliaries.

Here since Sunday morning when they arrived by plane, train, car and bus, the delegates, representatives of 200 auxiliaries in B.C. and Seattle, Washington, have participated in many social activities and other functions arranged as pleasant recreational interludes from the business of a busy and gratifying session, conceded to be the largest ever held in this province.

Aside from the social aspect and business of the convention a number of noteworthy events have occurred. Following the impressive and colorful procession in which 75 waving auxiliary standards led the entire group to the Cenotaph where a wreath was laid by provincial president, Mrs. A. Erickson, Sunday evening services were held in St. Saviour's Anglican Church.

Rev. A. R. Eagles, Legion pastor, officiated at the worship period and later when the standard of the Ladies' Auxiliary to Canadian Legion, Branch 40, was dedicated.

Tea was served following the evening activities by the Pentiction auxiliary.

The official opening of the session on Monday morning in the Legion Hall again brought the standard bearers and their captain, Mrs. Mary Field, into prominence as they directed the provincial officers and guests in an impressive opening ceremony.

Following a brief address of welcome by Mayor C. Oscar Matson, the immediate past provincial president of the Canadian Legion, Donald McTavish, greeted the large assemblage.

It was during Monday noon recess that 225 delegates attended a luncheon aboard the former Okanagan Lake sternwheeler, S.S. Scamious, now permanently moored on the beach of the lake where it is considered one of the very special tourist attractions of Pentiction and the valley.

Tea served during the afternoon by members of the Oliver, Osoyoos and Okanagan Falls auxiliaries was another pleasant social interlude for the delegates.

Adjournment of the first day's session with its detailed reports from many official sources permitted the members the opportunity to enjoy the dinner hour as they wished, but it was early in the evening when they all participated in a scenic tour of the district arranged by the members of the Legion Branch 40.

Two buses and 10 cars transported the visitors to many beauty centres in and surrounding Pentiction, the lookout from Munson Mountain, the West Bench project and the Dominion Experimental Station at Summerland. Returning to the Legion Hall, an evening of bingo was followed by the serving of

Legion projects were the key notes of the zone president's toast presented to the Provincial Command L.A.

It was following this impressive address that the five men present, among the many there, rose to drink to the members of the auxiliaries.

Mrs. Green, Provincial Command past president, speaking briefly to the last toast felt the L.A. was developed through what had been done for the veterans, and "comradeship, service and remembrance", were the contributing factors in this success.

Closing the banquet formalities were the past provincial Legion president, Mr. McTavish's, jovial remarks in which he delighted the guests with several amusing stories.

Leaving the banquet hall the delegates returned to the Legion hall where a most pleasing entertainment was presented by the local members under the supervision of Mrs. Wilfred Gougeon and Mrs. Arthur Ellis with Mrs. Jack Hooper as M.C.

A song by Miss Pat Eagles and Jimmy Johnson opened the program with a short skit later by Mrs. Ron Dean and Mrs. Audrey Thomas. All highly amused the audience again enjoyed a song by Miss Eagles; a "cancan" dance by four Copper Mountain members, Mrs. Frances Kirby, Mrs. Joyce Powell, Mrs. Kay Stevenson and Mrs. Marge Davidson; a burlesque "Beside the Sea" by a bevy of Pentiction bathing beauties; and two recitations presented by Mrs. Jack Peach, of Keremeos.

**CLOCK FOR NEW WESTMINSTER**

It was Mrs. Dora Sargeant's impersonation and her act "It's In The Book" that won an electric clock for her auxiliary in New Westminster. Accordion music by Roy Lynd, of this city, brought the concert to a conclusion.

Refreshments were served in the Alexander Room of the Legion Hall later and again this afternoon following the closing ceremonies of the session. Today's hostesses were L.A. members of Pentiction, Summerland and Peachland.

It was generally agreed by all in this city for the convention that it was a most enjoyable event and great pleasure was expressed in the hospitality extended them by the citizens of Pentiction.

Dr. Theodore Boggs, a former head of the department of economics at UBC, was in this district last week in the course of an interior holiday trip with his son, Ted, of Ladysmith. He visited old friends, Mr. and Mrs. W. J. Lethbridge, of Naramata; his cousin, L. B. Boggs, Pentiction's "good citizen" for the current year; and a number of others who were all pleased to find him in the best of health and spirits.

### Two Former Brandon Nurses To Visit Here

Two former superintendents of the Brandon General Hospital, Mrs. S. Persis Darrach, R.N., and Miss Christina M. Macleod, R.N., will arrive in this city tomorrow for a brief visit prior to continuing to Banff to attend the biennial conference of the Canadian National Association of Registered Nurses being held there next week.

In order to afford the many friends and former students of the visitors the opportunity to renew acquaintances with them during their stay here, Mrs. John N. Pearson and Miss Kathleen W. Ellis will be co-hostesses at afternoon tea on Friday on the SS Scamious. Those wishing to contact her house guests may phone Mrs. Pearson at 5413.

Mrs. L. L. MacDonald left today for Calgary where she will holiday for the next two weeks.

Mr. and Mrs. Syd H. Cornock were recent weekend visitors in Spokane where Mr. Cornock attended a meeting of the American Institute of Real Estate Appraisers.

### ROBIN HOOD BIKE CONTEST WINNER!

Miss Karen Smith, 505 Wade Ave. E., is shown here with the streamlined new English bicycle she won on the Robin Hood Bike Contest Radio Show Saturday, May 29.

Miss Smith answered the question asked on the show correctly, and included a box top from Robin Hood Angel Food Cake Mix with her entry.

The Robin Hood Contest is easy to enter, a 10 every boy and girl has a chance to win. Every week, a simple question is asked on the Robin Hood Show. Contestants are asked to send in their answer, with their name and address, along with a guarantee certificate or box-top from any Robin Hood product. Send entries to: The Robin Hood Bicycle Contest, care of CKOK, Pentiction. Every week a shiny new English bicycle will be given away to a lucky boy or girl with the correct answer.

The Robin Hood Show is heard weekly on Saturday morning at 9:30 a.m. on CKOK, this week's question is, "Into which ocean does the Fraser River empty?"

### UBC Undergrads Receive Awards

Two Penticton students were among 150 UBC undergraduates who received scholarships ranging from \$25 to \$500 last week.

They are Daphne Louise Atherton and Robert Stewart Roger. Miss Atherton, 22, daughter of Mr. and Mrs. T. A. Atherton, 496 Wade ave. west, was awarded the Cunningham Scholarship in Pharmacy valued at \$100 for the highest standing in the third year.

Robert Roger, 19, son of Mr. and Mrs. F. W. Laird, Skaha Lake Road, was awarded the University Great War Scholarship of \$200 for general proficiency. Last year, he took the Meyerhoff and Chris Spencer scholarships.

### ENERGETIC DRIVERS

Black ducks are not considered as divers but it has been demonstrated that they will dive as deep as 10 feet to get food.

# Outstanding Figure In Canadian Theatrical World To Adjudicate At B.C. Drama Festival Here

One of Canada's most sought after personalities in the field of amateur and professional drama is Betty Mitchell, noted producer and director of Calgary, Alberta, who will adjudicate the entries in the second annual British Columbia Drama Festival being held in Penticton, Friday and Saturday, June 11 and 12.

### TOP TALENT

Considered as one of the most talented and able of drama adjudicators in this country, the local festival committee feel that playgoers and competitors alike will find her presence here a refreshing, invaluable and entertaining experience. She will act as judge for the nine competing plays, winners of the zone finals from all over the province. Penticton will host the top ranking and producing talent in the amateur theatre from places as far afield as Fort St. John in the Peace River.

### GUEST SPEAKER

Miss Mitchell will be guest speaker at a welcoming luncheon

aboard the historic SS Sicamous, a function under the joint sponsorship of the Penticton Board of Trade and the local festival committee. Some 100 competitors and visitors are expected to be present at the luncheon which will inaugurate a busy two-day round of activities. There will be three performances, a matinee Friday with evening performances on both Friday and Saturday. Two drama workshops will be held Saturday morning and afternoon under the direction of Sidney Risk of Vancouver, as well as the annual meeting of the B.C. Drama Association under the chairmanship of Ross Lort, Vancouver, who is president. Also expected to be present are Alan Davidson, Vernon, vice-president, and H. S. "Bunny" Hurn, director of community drama, department of education, Victoria.

A series of social activities, culminating in a reception Saturday evening at the Golf and Country Club will complete the festival.

## CPA Official, Former Bush Pilot Tells Rotarians Of North Flying

William J. Windrum, assistant manager for Dominion lines with Canadian Pacific Airlines, knows all about flying in the northland as a bush-pilot.

This high-ranking official, who now makes his headquarters in Vancouver, gave obvious proof of this when he spoke before the local Rotary Club at its luncheon on Monday in the Prince Charles Hotel.

He made the remote and forbidding north come alive as he gave anecdotes and illustrations drawn from his own experiences.

He told of the hazards of slush, of five-foot visibility, of landing in drifts and rough water, of the usual custom of anchoring by digging a hole and dropping a rope in water that would soon freeze solid. The Eskimo and his customs were particularly detailed.

Contrasting the times of Magellan, three-and-a-half centuries ago, when a first world-girdler took a thousand days, Mr. Windrum emphasized that the world can be circled today in fifty hours, soon it will be but 24 hours.

But in all this, he stressed, "don't forget that bush pilot." He showed what the air has done in opening up activity for the fur trading and mining, and pointed to even greater success in the future — "contributing to the economy of this fast-developing nation."

The speaker was introduced by T. Turner and thanked on behalf of the club by President H. A. Nicholson, who emphasized the part that Mr. Windrum himself had played in many phases of "trail blazing" in the air.

## Street Clean-Up May Be By Tender

A new angle on the problem of keeping Main street clean was advanced at last week's council meeting. The Penticton Board of Trade wrote to council asking that some form of waste paper containers be supplied and installed on Main street.

Alderman F. C. Christian suggested that it might be a better answer to the whole problem to let all this clean-up work out by tender. It was agreed that city engineer Paul G. Walker should prepare a basic analysis of the present costs, to act as a guide in establishing the basis for the tender call, should the latter be adopted.

This will be presented to the next meeting of council, on June 7.

The other matter cited by the Board of Trade concerned the "open" parking in front of the city hall. Answer to this is that the new hour-limit signs have now been erected and will henceforth be enforced.

## Report Of Economist Favored More Than Royal Commission

J. M. Kosty, of Vernon, executive member of BCFGA, was a guest at last Saturday's meeting of the Southern District Council, held at the Hotel Prince Charles.

Mr. Kosty told of a recent meeting he attended in Victoria when a committee representing agricultural groups in British Columbia met with Minister of Agriculture Kenneth Kiernan.

Main subject discussed was possibility of setting up a Royal Commission to study all phases of the industry in the province. Alternative was to have an economist to look into any phases of agriculture the minister may deem advisable to investigate.

Upon being informed that Mr. Kiernan had available a competent economist it was decided to favor this method over that of a Royal Commission with final decision on whether an investigation should be held left to the minister.

## Penticton Lawyers Admitted To Bar

Two Penticton lawyers, Howard Alexander Callaghan and Frederick Howard Herbert, were admitted as solicitors by Benchers of the Law Society in ceremonies at Vancouver last Friday.

Callaghan is associated with McInnes, Washington and Halcrow, while Herbert is with the firm of O'Brien and Christian.

### ATTEND OLIVER SERVICE

SUMMERLAND — Those from St. Stephen's Anglican Church, Summerland, who attended the Service of Witness held on Thursday evening in St. Edward's Anglican Church, Oliver, were Canon and Mrs. F. V. Harrison, Mr. and Mrs. A. F. Calder, Mrs. Henry Chandler, Mr. and Mrs. K. B. Thomson, Mrs. Wade, Sr., Mrs. Gladys Chadburn, Mr. and Mrs. Ray Wilburn, Mr. and Mrs. A. K. Macleod, Mrs. Dave Turnbull and Miss Marion Cartwright.

Twenty troops attended this year's International Scout Camporee at Oliver. Above are shown three of the leaders. From left to right are John Boone, camp assistant chief, Cyril Overton, adult adviser, and Ron Lawson, camp chief, posing in front of the Penticton troop's camp kitchen which won top award at the Camporee.

## 345 SCOUTS AT INTERNATIONAL CAMPOREE HELD NEAR OLIVER

OLIVER — The camp site on Victoria Creek, five miles north of Oliver, chosen this year for the International Scout Camporee held May 21 to 23, was the site of the first Camporee held in 1946.

This year 345 Scouts and their leaders comprising 20 troops and 52 patrols from both sides of the border pitched their tents and built their campfires along both sides of the creek under the shelter of spreading pine trees.

Ron Lawson of the Penticton Troop was camp chief, with John Boone of Oliver, assistant.

The boys organize and run the camp themselves, though adults are available to give advice if needed.

The Blue Heron Patrol of the second Penticton Troop carried away top honors, including the Rattlesnake Trophy that is awarded to the best campsite by popular vote of the boys. The "Old Beaky" award was won by the Explorer's Post from Okanagan, Washington. This award is for the best skit presented at the campfire entertainment.

The Omak troop under leader Chet Evans opened the campfire ceremonies with a real Indian war dance in authentic copies of the costumes of the Plains Indians, which were made by the boys themselves.

Next year's camp will be held in Washington, U.S.A.

## West Summerland Store Robbed

SUMMERLAND — Thieves made off with 230 of seasonal merchandise from Bert Berry's Sports Centre, West Summerland, sometime during the early hours of Sunday morning.

The loss was discovered when Bert Berry's father, G. A. Berry, about 10:30 Sunday a.m. noticed the front door of the shop open. Apparently entry had been made by unhooking this door.

Constable H. J. Butler patrolled the area about 2 a.m. and it is believed that the robbery occurred after that time.

RCMP took an inventory of the stolen goods which has been sent to other detachments.

## Signed Contracts Coming In Well

Signed contracts have been coming in from growers at a good pace this year, better than in previous years, J. A. English of Penticton, executive member of BCFGA, told members of Southern District council at their meeting last Saturday.

Mr. English also reviewed labor negotiations that have now reached the stage where an arbitration board has been set up.

It is wise to spend a little extra time on eating a good breakfast since rushing out to school or work without an adequate supply of nourishment leaves a person more susceptible to infections.

## Penticton Man Dies Suddenly

Funeral services were held last Friday for Walter Ferguson Dewdney, who passed away suddenly May 25, age 36 years.

He is survived by his mother and father, two brothers, Edgar, Penticton, and Harold, Pasadena, Cal., one sister, Mrs. J. H. Davis, Fruitvale, B.C.

Rev. A. R. Eagles officiated at funeral services, conducted from Penticton Funeral Chapel with committal in the Family Plot, Lakeview Cemetery.

## Inquest Date June 4 For Accident Victim

Inquest into the death of 71-year-old Charles Everett Hall, a farmer of Lucky Lake, Saskatchewan, has been adjourned to June 4 to enable witnesses to be

brought from Chilliwack. Mr. Hall died in Penticton Hospital May 24 as the result of injuries received in a car accident on Naramata Road, May 16. He had spent the winter at Chilliwack and was visiting with Penticton friends at the time of the mishap.

# TCP

## Re-powers Your Engine

TCP, a Shell-discovered additive blended into Shell Premium Gasoline, sets free the captive power formerly locked in by lead and carbon deposits. It's the greatest gasoline development in 31 years.

Acts so fast it repowers your engine before you've finished your second tankful.

Did you know that up to 15% of your engine's power is actually trapped... that you are paying for power you aren't getting?

The reason is this: Every gasoline sold today contains deposit-forming compounds. And, as gasoline is burned, lead and carbon deposits form on the walls of the combustion chamber and on the tips of the spark plugs. In the combustion chamber these deposits become red hot; especially when you are accelerating, and set off the gasoline-air mixture before the piston reaches its proper firing position. Power works against you, not for you. This condition is called *pre-ignition* and it not only wastes power and fuel—it is also responsible for a most severe kind of knock—engineers call it "wild ping."

These deposits also cause power loss by short-circuiting spark plugs, causing them to misfire when you need power most.

Now, however, there is a way to release the imprisoned power in your engine—and quickly!

It's Shell Premium Gasoline with TCP, the greatest gasoline development since the discovery of tetraethyl lead. TCP additive actually repowers your engine by changing the character of the engine deposits. In the combustion chamber it "fireproofs" them so they cannot glow and cause pre-ignition. And, because it makes the deposits nonconductors of electricity, spark plugs no longer short-circuit—they fire on time. *Power works for you—not against you.*

By the time you have finished your second tankful, you'll be getting up to 15% more power. But remember—because these deposits are constantly building up, continued use of Shell Premium Gasoline with TCP is essential to retain its full benefits.

Shell Premium Gasoline with TCP is available only at Shell dealers.

Shell's trademark for this unique gasoline additive developed by Shell Research. Patent applied for.

The '54 Hillman Minx is money in the bank! You save when you buy your Hillman... you save while you drive your Hillman... you get back more when you trade in your Hillman! Here is the last word in automobile economy—yet the new '54 Minx is the most beautifully-styled, the most luxuriously fitted of its class. For real economy, breath-taking design and sparkling performance, see the '54 Hillman at your local dealer's now!

All this... and a Hardtop too!

The '54 Hillman Minx is the smartest hardtop on the road—for hundreds of dollars less! Don't miss seeing the whole Hillman Line—sedan, convertible, hardtop and station wagon.

Use genuine Hillman parts—available through dealers—from coast to coast.

## PIONEER SUMMERLAND RESIDENT MRS. A. STEUART PASSES AT 98

SUMMERLAND — A friendly lady, whose many friends testify that not once in her lifetime did she lose her temper, Mrs. Alexander Steuart, passed away last Wednesday at the home of her daughter, Mrs. Isobel Nelson, Parkdale. Mrs. Steuart celebrated her ninety-eighth birthday last January at which time she was visited and received congratulations from her children, grandchildren and friends.

Pioneer member of a well-known Summerland family, she had resided in the district for over 50 years since coming from Scotland. Her husband predeceased her in 1942.

She is survived by three daughters and one son, Mrs. Mabel Nelson, Mrs. John Gowans and Mrs. Alan Cross, and Charles, all residents of the district. Another son, Muir, died some years ago. Grandchildren are Mrs. G. A. Laidlaw, Mrs. George Clark, W. A. "Bud" Steuart, Kenneth Steuart, Mrs. Raymond Moore, Penticton and Mrs. William Krupnik, Burnaby.

Funeral services were conducted last Friday from St. Andrew's United Church, Rev. C. O. Richmond officiating. Summerland Funeral Home in charge of arrangements.

Mental illness is often misunderstood but today it is no longer considered a shameful thing. With sympathy and understanding from family and friends and early treatment by the doctor, mental illness can often be cured.

Shipments of cars and trucks from Canada reached a record of 433,710 in 1952.

## Kiwanis Sponsored Show Brings Something Of Broadway To City

The now well-established narrative of Annie Oakley, involving her ability with a gun and her inability to get a man, was retold for the benefit of a large-sized Penticton audience in the school auditorium on Thursday evening.

The road show, a reflection of the New York production, came here through the auspices of the Kiwanis, who sponsored it, and the Civic Drama Guild.

Live talent in such a production roused quite widespread local interest and the sponsoring club has indicated that it will be presenting further similar productions in the future.

Thursday night's show here depended for its enjoyment largely on Grace Olsen as Annie, who was delightful in her sustained vivacity and flair for comedy. Roger Franklin played Frank with adequacy, and there were competent performances by others assisting the principals, notably by Jesse Ramirez as a dan-

cer. The smallness of the cast did not always make for ease in performance, and the corps de ballet and choral ensemble were consequently no better than perhaps could be expected under such difficulties and costs as must be borne in such a tour.

The important fact, however, is that Irving Berlin's pleasant entertainment was brought to a local audience in essential form, re-creating what otherwise would remain at Broadway's distance.

### BICYCLES FOUND

A number of bicycles have been found and turned into the RCMP office. Lacking licenses, police are unable to trace the owners. Those who have lost bicycles are asked to go to the police office at the court house for identification purposes.

The author Francis Bret Harte was secretary of the mint at San Francisco at age 26.

## WHIZBANG REUNION

The 20th annual Whizbang Reunion and banquet will be held in the Canadian Legion Hall, West Summerland, commencing at 2 p.m. Sunday, June 6. All ex-members of the Second Canadian Mounted Rifles or of the Ninth Armoured Regiment (The British Columbia Dragoons) are cordially invited to attend. Those planning to be present should notify the secretary as soon as possible so that catering arrangements may be completed.

Alberta, Ontario and Quebec usually account for 70 percent of the Canadian wool output.

## Sports - Pourri

BY SID GODBER

Could be that this week will be another big week in Penticton's sport history. Scouts from several of the big league baseball clubs are in town, all with the intent of signing up the kid with the good left arm, Ted Bowsfield.

Ted graduates from high school on Thursday and it is then that the big league scouts will charge in with fountain pens drawn and waving contracts.

Ted has to do some tall thinking. If he gets a bonus offer then he's gambling on making good in big time right off the bat as, under the system, a "bonus baby" can't be farmed out for seasoning, but has to step straight into big league competition.

Not many youngsters, though step out of high school with their careers practically cut and dried. And all Penticton can do at this stage is feel proud and wish the youngster be... of luck.

A man who will be seeing the fulfillment of years of endeavor when Ted signs on the dotted line will be Les Edwards. It was Les Edwards who spotted the youngster's potential as a pitcher back in 1950, when Ted was only 15. Since then Les has taught young Bowsfield all the tricks of the trade and moulded him into what he is today. The big time has had eyes on the youngster for years, but they had to wait until Ted was through school before getting down to brass tacks — now the time has come — so Penticton says, good luck Ted, and mow 'em down.

And don't be surprised if young Loyd BURGART doesn't get the opportunity to ink a contract. BURGART has been playing a whale of a game at shortstop for the A's. His fielding average last season was .886.

Sambo Drossos is down in the mouth over Sunday's game. "We like to win, but we like opposition," he grumbled, after his A's trounced Vernon 16-3. Sambo has a right to grumble. Ball fans aren't going to crowd out the stands for the kind of exhibition put on by Vernon last Sunday.

The seniors have to deliver if they're going to keep the crowds. Little League Baseball gets underway two weeks from today. The little fellows could steal the big fellows' thunder and they most surely will if there are many more exhibitions like the one staged on Sunday. Trouble is the innocent suffer with the guilty. The A's are on their toes, but unless the opposition is sharp the fans lose interest in a hurry.

## INTERESTED IN SOCCER?

I've often wondered why there isn't a good soccer league in the valley. Soccer is about the cheapest to finance team game there is. It's the international game, played in about every country in the world. At the coast interest in soccer is about on a par with the interest taken in hockey. But here in the Okanagan the game hasn't taken root. Now it seems that Kelowna is organizing a soccer club, has lit a fire that may spread. On June 14 Pentictonites interested in the organization of a Penticton Football Club are invited to attend a meeting to be held in the firehall at 8 p.m. It is believed that there are several players, with old country backgrounds, still young enough to play and several graduating from high school with soccer knowhow who, combined, could make up a team strong enough to give battle to Kelowna. So, if you're interested as a player, or supporter, or just as a plain fan, don't forget the meeting on June 14 in the firehall at 8 p.m.

Hockey meeting tonight at 8 p.m. Hotel Prince Charles — hockey is big business and every fan is a shareholder — be there. It costs a dollar to become a club member with the right to vote. Membership tickets will be available at the meeting.

Playing coach Grant Warwick is having quite a time rushing to convention gatherings with the Allan Cup. Should have seen him surrounded by the Legion ladies. Quite a do, with Mayor Oscar Matson footing the bill for the champagne so the girls can go back home and boast to their husbands that they drank champagne out of the Allan Cup. Seems everybody was happy but brother Dick Warwick who was frantically trying to cope with the early evening rush at the restaurant while brother Grant circulated among the Legion ladies.

Still getting requests for the Herald's hockey extra from all kinds of far away places and the enthusiasm of the writers for the V's is remarkable. No doubt—the V's would be the popular choice to represent Canada in the World Championship series. Could be done, if the Canadian Amateur Hockey Association would forget about the so called goodwill tour, and agree to fly the Canadian team across the pond for the championship series only. The Canadian team could do the whole thing in two weeks and easily catch up on what league games were missed.

## ATTENTION GOLFERS AND JACK McINTYRE

The qualifying round of the men's club championship will be played this week in conjunction with National Golf Day. The qualifying round will be 18 holes and may be played either Saturday or Sunday or June 12 and 13.

Those playing on June 5 are invited to participate in National Golf Day. The fee is \$1.00 and the proceeds will be given one-half to the Red Cross and one-half to Junior Golf Promotion in Canada. All golfers are invited to take part and the object will be to beat Ben Hogan after deducting handicap from gross score. Full particulars will be displayed on the poster in the club house.

Evidence of the results of National Golf Day was seen last Saturday when a very successful golf clinic was held here by Jack McKinnon and Ben Calk golf professionals at Capilano and Langara golf courses, in Vancouver. Fifteen juniors took part in the clinic and a large number of other members watched a pleasing demonstration of golf shots by the pros at the conclusion of the clinic.

## Ted Bowsfield - Baseball Bonus Baby?

## Scouts Flock Here; Pro Contract For Ted Maybe

Tonight in Summerland ball park some of the best scouting eyes in big league baseball will be in the stands taking a final look at their number one pitching prospect, southpaw, Ted Bowsfield, before making their bid for his budding talents. Five years ago Ted was just another freckled-faced kid playing ball — then with the idea of becoming a good slugger and first sacker. Today, with four years of pitching experience behind him, he seems destined for a career on the mound of big league baseball.

Bill Marshall, Milwaukee Braves; Earl Johnson, Boston Red Sox; Tony Robello, St. Louis Cardinals; and Red Rolfe, of the Cleveland Indians are all here and each, no doubt, have a crisp new contract in their hip pocket, all filled out and ready for Bowsfield's signature.

They can't touch him tonight but tomorrow he graduates from school and becomes a fair game. How much will the scouts offer him? How much would he settle for? They have had their eye on the 19-year-old Penticton youth for three years now, studied his performance and progress and each probably has a price tag on him right now.

Whatever the final figure, it appears from the wide-spread interest that he will be another of the "bonus babies" of baseball. To qualify for this higher echelon in the big league world, a player must be signed for a total bonus and salary of \$5,000 or better. Under the rules of the baseball association, such "bonus babies" are not to be farmed out to a minor league for seasoning for a period of at least two years.

Bowsfield's rapid rise to pitching fame under the coaching of Les Edwards has echoed across the western provinces each season and his talent is well known in the ball parks of the west coast, right down to California. He has set pitching records here that will go a long time unaltered and in 1953 sixteen strikeouts per game was just an average performance. But it wasn't always thus.

Penticton fans can remember the time when the bleachers would shout, "Get him out of there," as the eager youngster went to hill in his first year. Recalling the first season that Bowsfield went senior, 1950, Les Edwards commented, "Ted would knock the announcer out of the P.A. booth with that fast ball of his — wild, but fast!"

Ted is a good six-footer and carries close to 200 pounds on the big frame — and every ounce of it behind the pitch. The Okanagan knows what Bowsfield can do in this class of ball; the scouts have a pretty fair idea of his big league prospects. What will be the pitch?

Also scheduled for close scrutiny from the scouts is flashy shortstop Loyd BURGART who has come a long way in baseball with

TED BOWSFIELD displays the pitching form that made him the centre of attention in the eyes of four big league baseball scouts, now in Penticton, reportedly with contracts ready for his signature. Tonight they will watch him in action against the Mags in a regular OMBL fixture at Summerland. Morrison photo

## Little League Completes Player Auction; Park Almost Ready Now

The Little League players' auction was completed Monday night with Les Edwards, players' agent, acting as auctioneer and the coaches and managers of the four major teams purchasing their quota of fifteen players.

Each team representative having been given 36,000 points in order to buy his team. It was up to the players' agent to get the most points from the bidders for each player chosen. The bidding was spirited and the entire auction took over four hours. Rules of Little League made it mandatory that each club have not more than five 12 year olds and not less than five ten year olds in their roster. This provides for balanced clubs and the continuation of Little League in future years with the graduation of the 12 year olds each season being replaced with more ten year and eleven year old players.

The remaining players not chosen will play on pool teams so that not one boy wishing to play ball will be left out.

Practice times announced for each team are as follows: Legion, Thursday, 6:30 and Saturday 2 p.m.; Rotary, Wednesday, 6:30 and Friday, 6:30 p.m.; Elks, Thursday, 6:15 p.m. and Saturday 2 p.m.; Lions, Wednesday, 6:30 p.m., Thursday, 6:30 p.m. and Saturday 10 a.m.

All above practices to be held in Kiwanis Park, Edmonton avenue.

Members of the Kiwanis Club have had work parties each evening for the last week and the Little League Park in Queen's Park is rapidly nearing completion.

Opening game will be played on June 16.

The four teams are as follows: ROTARY: Coach, Jim McGuire, manager, Kev Conway. Team members, Larry Hale, Bill Benoit, Herb Strain, Jimmy Crook, Greg Moore, Bruce Rowland, Don Dennis, Bobby Watson, Bill Stockland, Bernard Grabowski, Michael Flynn, Bernard McCallum, Richard Flynn.

(Continued on Page 8)

Where Were Canucks?  
A's Tally Up 16-3 Winner

## OMBL Fixture A Gift As Canucks Fail To Show Any Mound Talent

By TED SMITH

Penticton Athletics had too much at the plate and on the mound for the Vernon Canadians Sunday as the locals walloped the Canadians 16-3 in a regular OMBL fixture. After pitcher Wendel Clifton gave up a base on balls, one single and then a wild pitch to advance the runners, he came back with three strikeouts to quench the Vernon rally and the Penticton Athletics wasted little time in producing runs.

## Athletics Hot From Beginning

Bill Nicholson started things handed batting stance, to score off as he took first on an error to Vern Dye, first baseman for the Vernon team. He took second on a fielder's choice, which put Lloyd BURGART out at first, and advanced to third as Joe Posnikoff went out at first. Sam Drossos got on with an error to Hayashi, second baseman, and Nicholson scored on the same play.

Sam stole second and then was hit in as Barry Ashley, Athletics' power hitter, knocked out a sharp double. Preen went to first on a walk and Elmer Mori continued the A's rally with a single to right field scoring Ashley.

Aubrey Powell, kept things rolling with a double between short and third that scored Preen and Mori. Clifton added his own power to winning the ball game with a home run over the left field fence from his leftfinning.

## Vernon Coach Ejected From Game

Vernon scored in the top half of the fourth as Vern Dye walked and then stole second and third. He scored as Tony Spelley hit a single to right field. A fly to Nicholson, a strikeout by Schaeffer and a long fly to Preen with the bases loaded ended the inning.

Penticton added a singleton in the fifth, after Nicholson flew out to deep centre field. BURGART took a walk, went to second on a single by Posnikoff, took third after Sam Drossos was hit by a pitched ball and walked home as Preen drew a base on balls. Ashley struck out and Mori flew out to deep right field to quench the rally.

Vernon had another rough inning in the sixth as the A's went to work at the plate after Aubrey Powell had grounded out.

George Dye, Vernon pitcher, who took over from Schaeffer after the disastrous first inning, walked the next two batters and then BURGART flew out to left field. Posnikoff and Sam Drossos then took a base on balls.

This started the rhabarb of the game. After Dye threw the third ball to the next batter, Ashley, George Drossos, who had replaced Nicholson at second and was the runner on third, started to walk towards home thinking that four balls had been thrown to advance the runners. Keckalo threw the ball to third to catch Drossos going back and George broke for home and dodged the Vernon catcher who had got the ball returned from third.

Vernon manager Vern Dye violently protested umpire

Curling Rink Plans  
Up For Approval At  
Meeting Here Friday

Members of the Penticton Granite Club are reminded of the general meeting to be held on Friday at the Inola Hotel. This is an important meeting as plans of the proposed curling rink, to be located on south Main street, will be submitted for membership approval.

If the meeting arrives at a decision, tenders will be called and work on the rink started within the very near future.

Lack Of Practice  
Killed Local Crew  
At JBAA Regatta

Penticton Rowing Club found themselves without enough practice and conditioning when they attended the JBAA rowing club regatta at Victoria on May 24. Cold weather kept the crew off the lakes for many weeks and they were unable to train until ten days before the meet.

Vancouver Rowing Club beat out Penticton by one and one-half lengths in the first heat and then went on to lose the race to the host club, James Bay Athletic Association, in the closest race of the day. With only about five boat lengths to go, the Victoria boys were 20 feet behind and they nearly flew for the last three strokes that edged the VRC by two feet.

Local boys competing in the novice races were John Duncan, stroke, Peter Hatfield three, Les Ure, two, and Bill Lemm, Jr., bow.

Vancouver Rowing Club sent the largest aggregation to Victoria, a party of 35 members. They entered one eight-oared crew, a junior fours crew, three novice fours and innumerable doubles.

Valley Schools Capture  
Title At B.C. High MeetSouth Burnaby Top School When  
Track Stars Meet In Kelowna

Okanagan valley schools came through as predicted and capped the district championship at the B.C. high school track and field meet at Kamloops, Vernon, Kelowna and Penticton racked up a total of 72 points. South Burnaby high school capped first place in the individual schools competition with Vernon high school second and Penticton high school in seventh place.

Ray Fletcher led the individual boys' competition as he won the broad jump shot put placed in the hop-stop-and-jump and the discus. Fletcher's nearest competitor came from Terry Tobacco, of Cumberland, and his own team mate Don Steen, of South Burnaby. Claudia Gelling, Oak Bay high school in Victoria, took top honors in the feminine division with wins in the girls' high jump and broad jump and fourth in the 60 yard dash.

Bill Tennant led the local com-

over the take off board.

Terry Tobacco had no respect for the sprint records as he tied Harry Nelson's time of 10 flat in the one hundred yards and smashed the old record of 22.9 seconds in the 220 yards with a time of 22.5.

Larry Yalimovitch of Vernon was second in both these contests with team mate Gordon Bristol giving him a good run to pick up third place.

It took three years but now the B.C. high school discus record is of a proper standard. For many years B.C.'s best throwers have been unable to come through on the day of competition and a result last year Ken Swinwell, of New Westminster, capable of nearly 130 feet, set a record of only 118 feet. But this year B. Dohle, 6 foot 8 inch boy from Esquimalt, tossed the metal and wood disc 125 feet.

(Continued on Page 8)

Penticton is becoming known as the convention city, which is very good and as it should be. The number of fishermen attending the final windup dance etc., of the Jaycee convention must have been considerable (including self) with the result that most of the local lakes were poorly patronized last Sunday.

If this were to happen very often, the game department could cease stocking the waters and the resultant saving to the taxpayer would be considerable. Fred Madden, from Chute Lake, dropped in the other day and brought down some news from his better half, who runs the boat rental and concession. "Please call me Babe", reports the fishing during the week as quite good (fish running up to one and a half pounds). Good spot for a Sunday picnic. There are seven boats, groceries, pop — the works. Fred gave me an invitation to go up so will give you a first hand report soon.

Received a report from Bob in the sport shop to the effect that he was in to Glen Lake last Wednesday and got some very good fishing. The road is not good and we would suggest that if you drive a passenger car, take along chains and a shovel. The road is washed out in one part and requires a detour.

Heard that Dick Basham, Barry Ashley, in one party, and Dick Parmlay and friends were in to Allendale. The road is no worse than last year, which means take a jeep. The lake is open, snow around the sides still and the fishing is reported as just fair.

I think I should explain that no matter how good the fishing is, when you ask a fisherman the result of his last trip, the stock answer is always, "just fair". The best way is to go in and try for yourself. For boats on Allendale, contact Bill Stevens at the Falls.

Archie Fead, Bill Armstrong and Bob Harris were up to Silver Beach camp on the Shuswap and report that the fishing is still poor. They were also into Oyama and King Edward and say the fish in King Edward are small. Fishing in Oyama is only fair. Should be good shortly. The road is for keeps only.

Kirk Miller continues to make good catches on the Okanagan Lake. He took half a dozen lovely fish last Sunday morning.

Trev's Boat Rental, by the SS. Sicomous reports "fishing quite good. Top fish in his derby was caught by Victor Racz on a Gibbs FST No. 5 and weighed in at six and three-quarter pounds.

Have no report from Steve Stogre at Skaha Lake so you take your chances this week. How about it Steve?

For additional info, give me a call at 5707 and please phone in any news on fishing — give boys! Don't forget the monthly Fish and Game Club meeting on June 7 at the Canadian Legion auditorium. All members welcome. Good films will be shown.

# Bowsfield Delivers Four Hitter As Haney Whipped 5-1 Saturday

## First Game Under The Lights At King's Park A Winner For Locals

Penticton Athletics found the reputably strong Haney Athletics easier than expected in an exhibition baseball fixture here last Saturday night in the first night game of the season. They defeated them 5-1 under the lights at King's Park. Ted Bowsfield on the mound for the locals and Baz Nagle on the mound for the visitors looked good all the way through. Bowsfield gave up only four hits with Nagle right behind with five.

Penticton appeared to be in for a rough night as Bowsfield walked the first runner who then stole second and advanced to third on an overthrow to second by Sam Drossos, manager and catcher for the home town team. That was as far as the Haney boys were going in the first few innings as Bowsfield struck out the next nine batters.

Nagle started off hot for the Haney club sending the first three Penticton batters back to the dugout with three strikes behind them. Sam Drossos started the second inning the same way but the next local batter Joe Posnikoff, third baseman, drew a base on balls. Moore flew out and then Jerry Barber drew a base on balls. This was the setup as Elmer Mori went to the plate and knocked out a long fly to centre field which scored Barber and Posnikoff and left himself on third. Bowsfield scored Mori with a single and Nicholson swung out to end the inning.

Haney threatened to score again in the fifth as second baseman, Al Dahl, hit out a sharp single and then stole second. He advanced to third on Drossos' second overthrow of the day. Drossos made up for this by catching Dahl off base after the third pitch to the next batter. Bowsfield struck out the next two to end the inning.

Larry Walker, Haney centre

struck out to end the rally and the inning.

The Haney club had their last minute flight drained out by Bowsfield in the ninth as he struck out two more and grounded out the third batter.

## Tough On Ladies Thursday Golf

Only six ladies of the Penticton Ladies Golf Club weathered the gale-like winds and chilly temperature of last Thursday to finish the scheduled nine hole competition. Jean Marlow battled through the stretch to win with a net of 38.

The Thursday draw is as follows: M. Arsens, F. Latimer; E. Johnston, P. Betts; E. Lovett, G. Mather; S. Fleming, E. Cooper; E. Carse, H. Brodie; M. Johnson, G. DeBeck; I. Guile, E. Southworth; J. Marlow, M. Joplin; R. Moore, E. Goodfellow; J. Bat-tison, Z. Latimer.

Barber flew out to deep left field to start the seventh for the locals and Elmer Mori collected his second hit of the day. Elmer went to second on a fielder's choice hit to the pitcher and stole third. He scored on a passed ball and Nicholson struck out to end the inning.

Lloyd Burt got his first hit of the night in the eighth inning as he pounded out a sharp single. He advanced to second on a fielder's choice play to the third baseman and went to third on a single by Posnikoff. He scored on a wild pitch and Posnikoff advanced to third after stealing second. Moore

Radles and Crucetti walked and came home on successive hits by Silson and Bay.

The third was a big inning for both clubs. Snider hit Richardson to start the inning. Then Silson, who had a bad day at the short patch, booted Hay's double play ball and both were safe. Ceccon then rapped a three-run homer over the right field fence. Aune followed with a clean single and Snider bore down and retired the next three men.

Oliver came back with a bang to score five big tallies in the bottom half. Martino grounded out. Vanderburgh, looking very dangerous at the plate this season, rapped out a ground-rule double, and came around on two wild pitches. Snider walked. Fritz fled to right for the second out. Snider took third after the catch and scored on a passed ball.

Radles was safe as the short-stop's throw was wide. Crucetti walked. Silson walked to lead the bases. Bay hit to shortstop and all hands were safe as Bay did not cover third on the short-stop's throw. Crucetti, steaming in to third, upset Bay, who failed to tag him. Coy singled scoring Crucetti and Silson. Martino was out for the second time in the inning.

Princeton got one back in the fourth on successive hits by Anderson and J. Markin. Snider got the next three batters. There was no further scoring threat until the sixth. In the sixth, for Princeton, Beale opened with a ringing double. Anderson grounded out as Beale went to third. J. Markin was safe on Silson's second error and the run came in. Richardson forced Markin at second. Sedoni doubled to centre field scoring Beale and Richardson. Sedoni made the score 7-6 for Oliver. Ceccon popped out.

The O.C.B.'s picked up their final runs in the bottom of the same inning. Coy singled and Martino bunted himself a base hit. Vanderburgh sacrificed. Fritz scored both with a long double. He then stole third and came in as Aune dropped Radles' pop-up. This was a costly error as it turned out to account for the winning run for Fritz.

Princeton struck back in the seventh and came within one run of tying up the game. Aune doubled. P. Markin singled him home. L. Bay forced Markin at second. Bay then stole second. Beale struck out. Anderson's single scored Bay. J. Markin and Richardson singled in succession for two more runs but Sedoni flied out to Coy, who was playing him deep for this one.

Neither team made any scoring threat in the last two innings.

(Continued on Page 6)

## Three Firsts For Local Riders At Oliver On Sunday

The first annual horseshow and gymkhana held by the Oliver and District Riding Club was a complete success, according to local riders attending the show Sunday.

Approximately 150 participated with horses and riders coming from Brewster, Okanagan and Oroville, Washington, and Canadian entrants from Vernon, Kelowna, Penticton and Keremeos.

The show started at ten a.m. and carried through until 5:30 in the afternoon with all classes well represented. The weather held good until the last event. W. T. Jock Cameron, Vernon, was judge and although he had a broken ankle just the week previous, handled the job with his usual competence.

Six horses and riders went down from the Penticton Riding Club and came home with three firsts. In the saddle class, English equipment, Capt. A. M. Temple, riding Jumper, took first place. Allan Hyndman, on Jumper, and Eric Hyndman, riding Flint, took first place in the pair jumping. The Penticton team of Capt. Temple, riding Jumper; Roy Walsh, on Brandy; Allan Hynd-

## Tennis Tourney Slated For June 5

The annual spring tournament of the Skaha Lake Tennis Club will commence the weekend of June 5, with concluding matches the following weekend.

This is a handicap affair, and usually draws a large number of local players, as well as tennis enthusiasts from Oliver, Summerland, Naramata, Kaleden and Keremeos. There are three events: ladies' doubles, men's doubles and mixed doubles. Last year prize winners were Dee Morgan and Dee McLeod in the ladies' and George Fudge and Bill Vanderburgh in the men's, and Dee Morgan and Dave Hodges in the mixed.

The club this year has an active membership of over forty, and keen competition is expected in all events. Anyone wishing further information about the club or the coming tourney is asked to contact Wally Morgan, phone 3467.

man on Miss Muffet carried off the tent pegging event. One of the highlights of the show was the mounted drill competition between three American clubs and was rated "most entertaining".

Next on the long list of horse shows and riding events is the Kelowna Riding Club field day, slated for June 6.

## KROMHOFF HATCHERIES

Largest producer day old turkeys, started turkeys all ages. R.O.P. sired day old chicks. Started laying strain pullets, Leghorns or New Hampshire. Kromhoff Hatcheries, R.R. No. 5, New Westminster, B.C.

Although it no longer functions, the first lighthouse authorized by the U.S. Congress in 1789 and built in 1791 still stands at Cape Henry, Va.

## You Can Throw Away Those Oars!

A new inboard engine kit recently placed on the market makes it possible to convert any rowboat up to 18 feet into a dandy troller for less than \$125. Made by Reo Motors, the "Trollabout" do-it-yourself kit can be installed in a few hours by anyone handy with ordinary household tools. Powered by a 1-hp, 4-cycle, air-cooled Reo engine using regular gas, your boat glides along at a brisk clip or throttles down to any easy trolling pace. Performance is claimed to equal that of a 3-hp outboard. The installation, shown in the drawing, uses a novel pulley and belt arrangement which provides for neutral, forward, and reverse drives.

## HERE ARE THE HIGHLIGHTS

- 1 1/2 h.p. Motor
- 4 cycle for easy starting and economical operation.
- Kit comes complete with all parts.
- All instructions for ready installation.
- Reverse, forward and neutral gear shift.
- Automatic rewind starter.

## Kelowna Marksmen Hold Their Own Against Coast Shooters In BCIRA

VERNON — Kelowna marksmen more than held their own against the crack shots from the Coast last weekend when the eighth annual B.C. Inland Rifle Association meet was held on the Vernon ranges.

The host club carried off 12 firsts and two team events in the two-day meet which drew 77 of the province's best shooters. Vernon competitors failed to cop any of the top senior prizes although sharing in the interior team's victory over the coast for the City of Kamloops Shield.

Lower Mainland entrants did better in the grand aggregate however, gaining the first three spots. Bill Lightburn of Mission, a member of the Canadian Bisley team, captured first place with 285 of a possible 300 for the six main events.

Dave Cosman of Chilliwack was runner-up with 283 while Earl Jamieson of Vancouver took third with 281. Ron Weeks topped the interior entries by gaining fourth place, also with 281.

Weeks and Dan Hill, also of Kelowna, recorded possibilities in winning the 200 and 600-yard shootoffs while clubmates Ben Bounds, Mrs. Una Hughes and Harvey Henderson all took first in Tyro event. Veteran Charles Lee and Cadet Glenda Hill added further laurels for Kelowna in their brackets.

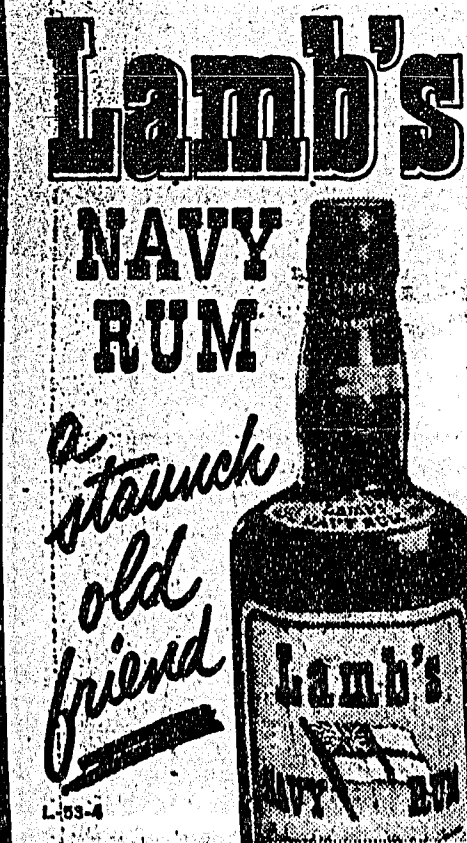

Mike Lee was the only Vernon shot to take an individual first, winning the cadet 600-yard event. Harold Palmer and son Bayard combined to win the Club Member and Cadet competition.

Ian Grant and Harold Palmer of the local club were members of the 10-man interior team which won the Kamloops Shield. It racked up 465 points, 11 more than that of the coastal aggregation.

Following are the complete results of the eighth annual B.C. Inland Rifle Association meet held at Vernon Sunday and Monday.

## Early Averages In OMBL Sees Penticton's "Sambo" Top Hitter

Harry Francis, league secretary of the OMBL, has compiled the ten top sluggers and other data on the top ball talent in the loop which shows Athletics' mentor, Sam Drossos, as high man with the timber in four games. His .500 average has a lot of competition. Penticton's Joe Posnikoff is the only other local player in the big ten. In the chucking department John Brkich, Kamloops, holds a slight edge over Penticton's Ted Bowsfield.

S. Drossos (Pent)	4	16	5	8	.500
Al Hooker (Summ)	4	21	2	10	.476
Joe Posnikoff (Pen)	3	11	1	5	.454
J. Vanderburgh (Oliv)	5	18	5	8	.444
R. Adams (Vern)	4	16	4	6	.425
Bill Eyre (Summ)	4	16	1	6	.425
Bob Campbell (Kel)	4	17	3	7	.412
Don Slater (Kam)	5	21	3	8	.381
Tony Brummett (Kel)	5	21	2	8	.381
Bill Petrucci (Ver)	3	11	2	4	.363

RBI — Tony Brummett, 10; Hits, Al Hooker, 10; home runs, Tony Brummett and Ron Evenson (Kam) 2 each.

Player	GP	W	L	In	Pit	ER	SO
John Brkich (Kam)	3	2	0	19	2/3	7	19
Ted Bowsfield (Pen)	4	3	0	19	1/3	4	17
L. Schaeffer (Ver)	3	2	0	10	2/3	4	9
R. Snider (Oliv)	3	1	0	12	2/3	1	5

## Where Was Vernon?

(Continued from Page 4)  
and the inning. The totals for the seventh inning, five runs, one hit, one error (catcher) overthrew pitcher and advanced Mori, and Preen, six walks and one big squawk in which Vernon attempted to remove his team from the field.

The game cooled down considerably from then on in as Larry Jordan finished the game on the mound for Penticton and gave up only one hit and two unearned runs both of which were scored in the eighth inning.

Penticton added one more run in the seventh and another in the eighth. Jordan went the circuit in the eighth as he got to first on a walk, took second on one wild pitch and went from there to home plate on a second wild pitch.

Vern Dye pitched the eighth inning and gave up a triple to Sam Drossos who scored on a wild pitch.

**SUMMARY**  
Winning pitcher—Clifton, losing pitcher, Schaeffer; Innings pitched — Clifton 6, Jordan 3, Schaeffer 2/3, G. Dye 5, Hayashi

## RCAF Locate In Valley

Okanagan recruiting office 3107, 31 avenue, Vernon

The Royal Canadian Airforce Okanagan mobile recruiting detachment announced this week the official opening of a permanent headquarters in the Okanagan, located at Vernon. Monday, Flight Lieutenant Jack Flannigan, officer in charge of public relations and advertising for recruiting for this area, disclosed that the resident three-man team will be in charge of Flying Officer George W. Lloyd.

\* To mark the official opening of the central office, which will go into operation next week, the RCAF have planned an air fireworks display Saturday night, opening day, over the city of Vernon. In addition, a RCAF Canso amphibian aircraft will make a flight over the four interior cities to be serviced by the unit.

Beginning at Kamloops Saturday morning two hundred theatre tickets for children will be scattered over the city by air and the same procedure will be followed at Vernon, Kelowna and Penticton. The big Canso is scheduled to be over Penticton at eleven o'clock Saturday morning.

In an interview with the Herald, Flt. Lieut. Flannigan said the response for recruits from the Okanagan has been most encouraging. He also remarked that per capita, more people in B.C. join the airforce than any other province in Canada.

It was pointed out that the RCAF career counsellor will visit Penticton every Monday and will be located in the Canadian Legion from 12 noon to six p.m. The team will be at the Kelowna armories every Tuesday and in Kamloops at the Legion each Thursday.

Recruits are needed for practically all branches of the airforce, said Flt. Lieut. Flannigan and he stressed the number of openings for aircrew personnel. A substantial enlistment of women is also required, the officer disclosed, and pointed out that there were some 35 trades open for women.

Speaking on the RCAF recruiting picture from a national standpoint, Flt. Lieut. Flannigan said that generally new enlistments had been good and that Canada had been able to maintain her NATO commitments on a voluntary basis.

F.O. GEORGE W. LLOYD

CPL. A. MOGG

CPL. BILL WHITELAW

Shown above is the three-man Okanagan mobile recruiting team which will be located at Vernon immediately to serve the area between Kamloops and Penticton. F.O. George Lloyd, in charge of the detachment, was on flying duties at Rivers, Manitoba, before being assigned to recruiting and has served in the Airforce for 13 years.

Cpl. A. Mogg, previously of Edmonton, has been in the RCAF four years, three of them spent on recruiting work. Cpl. Bill Whitelaw is a native of Kelowna and has been in the service seven years. He was stationed at Whitehorse for a time and has been on recruiting two years.

Touring with the team during the official opening of the Okanagan office is F.O. Kay Cole, who joined the Airforce in 1941 and was commissioned in 1943.

# Demand For Apple Juice Keeps Pace With Supply

Record production of apple juice during the past year boosted the figure to 600,000 cases, A. G. DesBrisay, president of B.C. Fruit Processors, told members of Southern District Council, B.C. FGA, at their meeting on Saturday.

This figure is almost 100,000 cases more than the previous high. Production of dehydrated apples and concentrates was, therefore, somewhat restricted with 544,000 pounds of dehydrated apples and 22,545 gallons of concentrate. In addition, 12,000 pounds of apple jelly were made. "We don't expect to have any juice on hand after July 1," said Mr. DesBrisay, "de-

mand is keeping up with supply and that is a happy situation."

He gave figures on sales at Vancouver and prairie points to show there had been a considerable increase in consumption of apple juice. Instead of making vinegar, a new policy has been adopted. A contract has been obtained for sale of 60,000 gallons of fermented cider which the president believes is better than the "vinegar deal".

Baby food puree requires top quality fruit with every precaution taken in its preparation, he said, and turning to other products, he informed members that nectar, especially apricot nectar, seems a good possibility. With prune nectar, the problem is how to dry the prunes economically, a problem not yet overcome.

"Basis we at the processors work on," he declared, "is that of canner prices and on most products we have been able to do so."

In the field of advertising, two cities, Calgary and Lethbridge, had been selected as test areas. Store demonstrations and other forms of advertising had been used. In Lethbridge a home cooking demonstration was held at radio station CJOC. Some use of television has been made on the west coast. If a booth is set up at the Pacific National Exhibition all products will be displayed and it is planned on installing a small canning machine that will can on the spot.

"A problem exists during a short crop year," Mr. DesBrisay continued, "when, perhaps, the orchardist can get more for his product on the fresh fruit market." He said a committee has been set up to study the question. He made it clear, however, that it is necessary to keep processed products on the market.

Gordon Wright, of Oliver, said that it had been strongly recommended that a minimum amount of fruit be set aside for processors in a short crop year so that their products would continue to be placed on the market, also that research into new products could be carried on, "work that will prove beneficial in years when there is a surplus."

Turning his remarks to display advertising, Mr. DesBrisay spoke of the need for constant attention. He told of an incident in Calgary where a store purchased 50 cases of apple jelly. When no further orders were made investigation showed that the jelly had sold out quickly but nobody had thought to order more.

In closing, Mr. DesBrisay paid high tribute to R. P. Walrod, general manager of B.C. Fruit Processors, for his drive and incentive.

## On Deck With The Sea Cadets

Now that we have completed our year's work we are concentrating on the lighter side of cadet work. Tonight everybody is welcome to come to the Penticton Armouries to see the great movie picture, "The Cruel Sea." It will start at 7 p.m. There will be a silver collection only. Here is a chance to see a fine show and at the same time help your local Sea Cadet Corps.

Sunday saw 16 cadets turn out for target practice at the range. This is a good showing and shows an eagerness to become good marksmen.

That is all for this week, in closing I urge everybody interested to attend the showing of this fine picture. You who have not seen it cannot afford to miss it and many others who have already seen it will want to see it again, I am sure. Remember,

everybody is welcome and the time is 7 p.m.

## Little League

ard Folk, Billy Picton, Edward Gale.

**ELKS:** Coach, Chuck Blacklock, manager, Wilf Sutherland. Team members, Rickey Wickett, Len Adamson, Len Hill, Gene Cormier, Teddy Grove, Jimmy Grant, David Wilson, Elvon Peacock, Dale Hamilton, Harvey Wish, Dale Ashley, Richard Odemura, Richard Conley, Gerry Duggan, Greg Swanson.

**LIONS:** Coach, Bruce Campbell, Manager, Doug Kilburn. Team members, Harley Hatfield, Bob Lemm, Ross McCrady, David Stockford, Marvin Casey, Ian McDonald, Gilbert Goodman, Ian Bartholomew, Ken Brent, Dale Harder, Bill Joyce, Tommy Hatton, Keith Savage, Tommy Wells, Alan Partridge.

**LEGION:** Coach, Bob McKenstry, manager, Ted Moore. Team members, Tommy Moore, Paddy Howard, Doug Ewing, Bill Logan, Colin Campbell, Bobby Syer, Tom Turner, Bobby Wiltse, Grant Warwick, Bill Guerard, Billy McAdam, Harold Zaporozan, Bob McIntosh, Richard McCarthy, Bill Blacklock.

## Valley Schools

(Continued from Page 4)

seven inches.

Eugene Fandrich, of Vernon, and Don Routley, of Chilliwack, both tied the record held by Doug Clement, of Vancouver, in the 440 yards with a time of 52.2 seconds. Routley won the final but Fandrich had already tied the record in a previous heat.

One of the best races of the day took place when R. Hampton ran the three mile in 16 minutes and one second. The old record was 16:11.6. Hampton double lapped his team mate, J. Bain, and lead his nearest rival, M. Chambers, of Victoria. Hampton ran the whole twelve laps without changing his stride or pace except for the final 100 yards which he ran at full sprint.

Bill Peterson showed well for his first year in senior competition. He took fourth place in the boys' discus and sixth in the shot put. Charlie Burch raked up a few points for Penticton as he won fifth place in the broad jump and sixth in the high jump. Charlie is also in his first year of senior competition.

Pen Hi's relay team of Bill Tennant, Charlie Burch, Chuck Breen and Ted Smith ran an excellent race taking fourth place behind Vernon, South Burnaby and Chilliwack. Vernon high school set a new meet record of one minute 39.3 seconds in this race.

Vernon girls relay team also came in first by a comfortable margin of 20 yards. Vernon's Natalie Haluschuk and Marilyn Hien both placed third in their respective dashes. Shirley Tjader, of Trail, ran well in the girls races earning a second in both the 60 and the 100 yards.

R. Martin also showed well for the interior as the Castlegar boy took first place in the senior high jump and third in the senior pole vault. Joe Zeeben of Castlegar placed second in the senior 880 yards next to B.C.'s best junior distance runner Ron Eeles.

everybody is welcome and the time is 7 p.m.

## The Recipe Corner

### Marmalade Cookies

2 cups sifted all-purpose flour  
1 tsp. baking powder  
1/2 cup shortening  
2/3 cup sugar  
1 egg, unbeaten  
1/4 cup orange marmalade  
1/2 teaspoon vanilla

Sift together flour, baking powder and salt. Cream shortening, gradually add sugar; add egg, beat thoroughly. Stir in milk, orange marmalade, and vanilla. Add dry ingredients, mix well.

Drop from teaspoon one inch apart on lightly greased baking sheet. Flatten cookies by crisscrossing with floured fork. Bake in moderately hot oven for 10-12 minutes, or until delicately brown. Makes about three dozen.

The new instant puddings present a whole array of tempting desserts that are so quick and easy to prepare that the busiest housewife need hardly be stumped by the question of the "sweet-tooth people in the household."

With a little imagination delightful, nutritious puddings can be made up in mere minutes of time.

Chocolate cream pie, fruit trifles, floating islands, frozen puddings, sauces rich or simple, are just a few of the treats that come in the instant pudding package.

A small child should never be left alone in his bath even for a minute. An infant could slip beneath the water and drown, and a bigger child could turn on the hot tap and perhaps scald himself.

Beef Brisket, simmered with seasonings and colorful vegetables makes a delicious, but thrifty main course. The sliced meat is delightful when accented by a tangy Horseradish Sauce.

### Savory Beef Brisket

Place a 2- to 4-lb. piece of fresh beef brisket in a large kettle and cover with hot water. Add seasonings such as a sliced onion, 2 or 3 whole black peppers, 3 or 4 whole cloves and 1 tsp. salt. Cover and simmer until meat is tender, about 3 hours. If desired, cook small whole onion, small carrots and potato halves with the meat during the last 30 to 45 minutes.

Sliced brisket is tasty when served with a tangy sauce to accent its good flavor. Hot Horseradish Sauce and Horseradish-Sour Cream Sauce are two favorites.

## Summerland Kindergarten Closes Down For Summer

SUMMERLAND — The sixth annual closing ceremonies of the Jack and Jill kindergarten were held in St. Andrew's hall on Friday morning from 9:30 to 11:30 when 23 tots who have been in attendance this year gave a display of their routine work, and selections from their rhythm band.

A number of relatives, interested friends, and small brothers and sisters attended.

Mrs. F. M. Stewart, one of those who commenced the school, is in charge, with Mrs. H. Braddick as a helper. Mrs. Howard Milne comes to conduct the band, and Mrs. V. Durbin is pianist.

Colored slides were shown of scenes of local interest, including the MacDonald school, which the class will attend this fall. Pictures of animals in Florida taken when Mr. and Mrs. J. McLaughlin were there recently, raised many questions. Harold McLaughlin, a member of the kindergarten, was seen in some of the shots.

Pencil boxes with his or her name burnt into the wood was given each child from the kindergarten.

Those graduating were Breen Benoit, John Bennett, Archie Caldwell, Carina Campbell, Robert Charles, Roger Clark, Robert Dunham, Irene and Louise Davidson, Darlene Kuroda, Sharon McIntosh, Betty McInnis, Douglas Metters, Charles Nield, Charles Postal, Greg Evenden, Ted Richmond, Dale Stevenson, Janet Tomblin, Susan Walker, Billy White, Susan Wilson and Harold McLaughlin.

## Working With The Red Cross

### RED CROSS GETS PICK OF FLOWER DISPLAY

When the recent Hamilton Flower Show ended the displays were turned over to the Hamilton branch of the Canadian Red Cross. The flowers were in turn distributed to patients in local hospitals. There were about 15,000 blooms in the show.

Red Cross Hospital Car tests 600 patients in six months. The Red Cross "hospital on wheels," a nursing car operated by Manitoba Division on the Hudson's Bay Railway has completed its first six months of service. Red Cross nurse, Mrs. Ruth Evans, who lives aboard the car, has cared for about 600 patients since the car was put into service. She has made 200 home visits and visited three schools. She examined 175 children.

Argentina Has Amazing Water Safety Record. The Argentine Red Cross Society states that no case of drowning was reported in Argentina last summer. This remarkable result is due to some extent due to the water safety and life-saving program of the Argentine Red Cross, whose safety patrols keep watch over all bathing areas.

Special schools set up in eight localities have trained 6,302 persons during the past 20 years. In the same period Red Cross lifesavers have made 1,778 rescues.

Calgary Doctors Spend Time on Voluntary Work. Twenty-one doctors in Calgary spend thousands of hours doing voluntary work each year at the Alberta Red Cross Crippled Children's Hospital. Their only reward is the satisfaction of seeing crippled children walk again. Last year 323 children were accommodated.

## CONFIDENTIALLY YOURS

By Marie Hope Sanders

MONTREAL—How long is it since you deliberately added "whiteness" to your white wash? Or, a better question, do you know how to actually add whiteness to your wash? It's really very easy. Whiteness can be added by using Laundry Blue. The point is, you should be making sure all your washday products are doing their right jobs. Soaps and detergents are doing their job, but they don't whiten. Laundry Blue whiteness is added by putting it into your wash water. You can do an entire white wash for less than two cents—and it is extremely simple to use. So get some in time for your next wash—get RED KITT'S or KEEB'S BLUE.

Here Comes June... and the beginning of a summer meal! Our family loves cold meats and salads—especially when I serve them with a delicious WHIP SALAD DRESSING. You'll taste the difference with Miracle Whip! (Makes everything taste so good!) Miracle Whip blends smoothly with the most delicate fruits or garden-fresh vegetables. It makes a meat fit for a queen when used with meats, fish, or chicken. Use Miracle Whip to blend through your salads and crown them with a whirl of pale gold delight.

And now the picnic season is here... have the most scrumptious sandwiches—by using this delicious salad dressing to bring that special flavor to your favorite mixtures.

We Call Him Mr. Pick... He's the manager of our local BANK OF MONTREAL and every year about this time I drop in and have a chat with him about our home improvement plans. Last year, with his assistance and the help of a low-cost B of M loan, we had a new sunporch built—something I'd had my heart set on for years. This year we're having our chimney rebuilt—thanks to "MY BANK." If you have home improvements on your mind, but lack the ready cash to carry them out, talk them over with your B of M manager. If your proposition is sound, there's money for you at the B of M—and you can pay back your loan in easy monthly installments.

## Mrs. R. H. Boyer, Vancouver, Heads WCTU In Province

The oldest women's organization in British Columbia, the Women's Christian Temperance Union, held its seventy-first annual provincial convention in this city last Wednesday and Thursday, re-elected Mrs. R. H. Boyer, of Vancouver, as president for the ensuing year. Three other coast city members were also returned to office for the next term, Mrs. J. A. Gillespie and Mrs. James Gray, honorary presidents, and Mrs. J. A. Lade, past-president.

Mrs. Mildred Jones, president of the local WCTU, was elected publicity chairman.

Following the registration of 97 delegates and members, the session, held in the Church of the Nazarene, was formally opened with the ceremonial presentation of the flags and the pledge of loyalty to the Queen.

Greetings were extended to the members by Mrs. Jones after which the corresponding secretaries submitted reports on the full year, beginning as it did with the World's WCTU convention in Vancouver. Women from 32 of the 70 affiliated countries in the world organization attended the session last year. It was at this convention that Mrs. John MacPherson, of Vancouver, presented a historical sketch of 70 years of achievement of the temperance organization. A brief summary was the 1953 National convention, also held in Vancouver, was presented during the morning.

An interesting highlight of the current session was the appointment of Mrs. E. Willoughby Crawford as field secretary. Mrs. Crawford has conducted an extensive program of scientific education on temperance supplemented by films and was an excellent convention speaker. A car was purchased for Mrs. Crawford for use in her field activities.

WCTU membership of 913 was reported not including out-post or honorary members. Mrs. C. C. Pearson's treasurer's report indicated receipts of \$3,610.58. From this amount allocations were made to national and world work which included such important projects as the scholarship fund at the University of British Columbia and prizes for the two best essays on the problems of alcoholism or some aspect of the temperance subject.

Reports were submitted from all departments which told of Sunday School temperance competitions and of magazines and ditty bags sent to the Movement. Work among those at the Girls' Industrial School and at Okalla were fully covered by committee heads.

New plans for work for the coming year were discussed and resolutions to be presented to the government were taken under consideration. Teaching of English to new Canadians, press-book competitions and other matters of vital interest to the group were fully covered in the many annual reports.

A communion service was conducted by Rev. J. R. Spittal, of the Church of the Nazarene; Rev. Ernest Rands, pastor of the Pentecost United Church, and Rev. J. A. Roskam, of the Baptist Church.

The convention closed with the forming of the "Unity Circle" after which a banquet was held with Rev. R. A. McLaren, principal of the Naramata Leadership Training School, as guest speaker. The challenge of working for a cause, not because it is popular but because of its importance was stressed in the speaker's impressive address.

It isn't brave to work among others when you have a bad cold. It is safer for family and friends if the sufferer will stay in bed and get rid of the cold.

## GRACIOUS RECEIVING IMPORTANT AS GIVING

"Jane just won't let you do anything for her," a woman recently remarked about a friend. No doubt Jane is intent on always more than repaying everything that is done for her. So she does not realize, her friends would occasionally like to do something for her without being repaid promptly and in full measure.

The nicest thing we can do for others sometimes is often just let them do something for us.

"Pinkeye" is an unpleasant and highly contagious infection of the eyes. If a child contracts this infection, he should not share towels or other toilet articles. Medical attention is necessary as soon as symptoms appear.

## Flaky COFFEE CAKES

These toothsome Flaky Coffee Cakes are a sample of the superb results you get with new Fleischmann's Active Dry Yeast! No more anxiety about yeast cakes that stale and weaken Fleischmann's Active Dry Yeast keeps full-strength, fast-acting without refrigeration—get a month's supply!

### FLAKY COFFEE CAKES

Scald 1/2 c. cream, 2 tbs. granulated sugar, 1 tsp. salt and 1 c. shortening; cool to lukewarm. Meanwhile, measure into a large bowl 1/2 c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 c. Fleischmann's Active Dry Yeast. Let stand 10 minutes, then stir well.

Add cooled cream mixture and stir in 3 well-beaten eggs. Stir in 2 c. once-sifted bread flour; beat until smooth. Work in 2 1/2 c. (about) once-sifted bread flour. Knead on lightly-floured board until smooth and elastic. Place in greased bowl and grease top of dough. Cover and set in a warm place, free from drafts. Let rise until doubled in bulk. Mix 3/4 c. granulated sugar and 2 tps. ground cinnamon; sprinkle half of this mixture on baking board. Divide dough into 2 equal portions and turn out one portion onto prepared board. Roll out into a 12" square; fold from back to front and from one side to the other. Repeat rolling and folding 3 more times, flouring board lightly if it becomes sticky. Seal edges of folded dough and place in a greased 8" square cake pan and pat out to fit the pan; butter top lightly and press walnut halves well into the dough. Sprinkle remaining sugar and cinnamon mixture on board and treat second portion of dough same as first portion. Cover and let rise until doubled in bulk. Bake in a moderate oven, 350°, 15 minutes, while preparing the following syrup; simmer together for 5 minutes, 1 c. granulated sugar, 1 1/2 tps. grated orange rind, 1/4 c. butter or margarine and 1/4 c. orange juice. Quickly pour hot syrup over the 2 partially-baked cakes and bake cakes about 15 minutes longer. Stand baked cakes on cake coolers for 20 minutes; then loosen edges and gently shake from pans.

## NEW PROOF THAT MILLIONS CAN END THE NEED FOR LAXATIVES

—find relief from constipation this  
safe, natural way—without the injurious  
effects of repeated laxative use.

With all the progress of medical science over the past 30 years, authorities say there is no longer any reason why irregularity should be our most widespread human malady.

Nor is there any reason for developing the habit of use of harsh laxatives—of doing with one preparation after another in the vain hope of finding, in some potion or pill, the "secret" of lasting relief.

Long-continued study of the problem has shown that one of the most common causes of irregularity is lack of bulk in the diet. And when this is the case, the common-sense correction is to be found not in the drug store but in your food store!

IT HAS LONG BEEN A MEDICALLY RECOGNIZED FACT THAT NATURE HAS PROVIDED, IN THE NATURAL FOODS MEN WERE INTENDED TO EAT, ALL THE ELEMENTS NECESSARY FOR THE LIFE-LONG AVOIDANCE OF CHRONIC CONSTIPATION.

One of these elements is natural fibrous bulk, or vegetable cellulose, which normally and naturally aids the rhythmic process of elimination.

In no natural food is this natural bulk so ideally found as in the outer layers or bran of the whole wheat kernel, which, as you know, is lost in modern milling.

Because of the known value of bran in promoting regularity the Kellogg Company has produced a complete, whole bran—with nothing taken away to lessen its effectiveness—sold under the name of Kellogg's All-Bran, the natural laxative cereal. How effective is All-Bran? This has

been demonstrated in a series of systematic clinical studies reported in leading medical journals.

In one study, 135 people with known delayed bowel function were given a course of All-Bran for one week. They were studied clinically and with X-ray with tests made before, during and after they ate the All-Bran.

OF THE 135 PEOPLE, 107 SHOWED DEFINITE CLINICAL IMPROVEMENT IN JUST 7 DAYS.

IN A FOLLOW-UP STUDY, BETTER THAN 6 OUT OF EVERY 7 PATIENTS WHO WERE GIVEN ALL-BRAN IMPROVED.

The greatest advantage of All-Bran is that it corrects the cause of irregularity due to insufficient bulk. Chemical or drug-type laxatives, on the other hand, are intended only for overnight relief of a temporary stoppage.

When people use these products habitually—in a way that laxative makers never intended—they punish their digestive system in a way that nature never intended. Instead of correcting the cause, they often actually make their condition worse.

If you think you must take a laxative preparation occasionally, do so. But do it wisely. Read the instructions completely. AVOID EXCESSIVE USAGE. But for natural and lasting relief put your trust in nature. Just eat daily a one-ounce serving of All-Bran for breakfast and drink plenty of water.

This All-Bran plan has helped millions to re-establish and to maintain healthful regularity. Why not you?

Kellogg's  
the natural laxative cereal

Lieut. Cmdr. Norman C. Eversfield of Victoria, B.C., is whisked from the gundeck of the destroyer HMCS Crusader by a U.S. navy helicopter off the east coast of Japan. Minutes later he was on the flight deck of the U.S. carrier USS Rendova, observing flight operations. The helicopter flip was no novelty for Lieut. Cmdr. Eversfield, who is veteran pilot of the RCN.

## Brief Submitted Urging Immediate Construction Of Okanagan Lake Bridge

KELOWNA — A comprehensive brief outlining the necessity of constructing a bridge across Lake Okanagan to eliminate the traffic bottleneck on highway 97 has been submitted to Premier W. A. C. Bennett by the Highway 97-Okanagan Lake Bridge Committee.

The committee recommends that a toll bridge be constructed between Kelowna and Westside under the Toll Bridge and Road Authority scheme to replace the present ferry system. The brief lists a total of 16 reasons why a bridge is necessary to cope with the ever-increasing traffic.

The Highway 97-Okanagan Lake Bridge committee was set up after Premier Bennett, in a speech to the Kelowna Board of Trade, indicated he would be prepared, as the sitting member for South Okanagan constituency, to recommend to the cabinet that a bridge be constructed across the lake providing that is what the people want. It has been estimated the three-span structure would cost around \$10,000,000.

Resolutions endorsing the bridge committee's stand have been estimated by boards of trade, municipal councils, service clubs and other organizations throughout the Okanagan, directly or indirectly affected by the present ferry system.

The brief points out in the early 30's one small ferry could adequately handle the traffic crossing Okanagan Lake, but since then a steady increase in ferry service has been needed until now there are three vessels providing round-the-clock service.

### STEADY INCREASE

"The opening of the Hope-Princeton Highway on November 2, 1949, brought an ever-increasing flow of commercial and other traffic into and through the Okanagan. With the condition of Highway 97 in the Okanagan rapidly reaching first class standards and the whole of the highway from California to Dawson Creek and Alaska to be brought up to this standard in four or five years, the traffic on Highway 97 must develop tremendously, as it is the shortest route to Alaska," the brief points out. "Even now the present ferry facilities are very frequently unable to cope with the traffic and more ferries could not be put into service without building a complete new set of landing and unloading slips. Even if twice the number of ferries were placed in service, it is doubtful if the expected flow of traffic could be handled."

### ROAD HAS DISADVANTAGE

The brief goes on to point out that for years the Board of Trade and other responsible groups have been urging the government to build a road on the east side of the lake connecting Penticton and Kelowna.

"But this road has disadvantages. It would not eliminate the ferry system. It would mean the construction and maintenance of some 30 to 40 miles of additional first class highway, much of it where no road now exists, most of it paralleling a road across the lake, and most of it across the country now uninhabited and largely uninhabitable."

"The same applies to the west-side road north to Join the Vernon-Kamloops highway. This road also would not eliminate the ferry system and would have all the disadvantages of an east side road except that there is at present a poor secondary road in existence," it was stated.

### MANY ADVANTAGES

The brief lists 16 points why a bridge should be constructed to replace the present ferry system.

1. The bridge would eliminate

the ferry system with its annual operating deficit.

2. A bridge would be financed under the "Toll Bridge and Road Authority" without calling on funds from the public works department to the detriment of needed roads in other areas of the province.

3. Construction and maintenance of additional first class highway would not be necessary in the immediate future.

4. A toll bridge would be revenue producing.

5. A bridge would be paid for to a very great degree by the people using it.

6. Maintenance of a bridge should be less than either additional highway.

7. A considerable amount of money would be saved by industry generally by elimination of waiting for and crossing on ferries.

8. All Okanagan Valley communities on Highway 97 would still be on the main north-south highway.

9. Truck transportation would gain added impetus on removal of costly delays at ferry crossing and restriction of size of equipment. (In some instances barges have had to be used to transport heavy equipment across the lake.)

10. The speedier movement of perishable crops by truck, locally, and to outside markets, would be greatly facilitated.

11. Traffic delays at the Okanagan Lake crossing would be removed.

12. Present delays in cases of emergency requiring medical attention or hospitalization in the Westside-Peachland area would be removed.

13. A bridge would eliminate the special ferry runs for gasoline and oil trucks — with the costly delay to the truckers and the inconvenience to the traveling public.

14. The traffic hazard of cars speeding to catch the ferry would be eliminated.

15. A bridge would stimulate greater inter-community, social, sporting, and cultural activities.

16. The bridge itself would be a tourist attraction.

### INSECTS GALORE

There are about 624,000 different species of insects in the world, of which 20,000 are common to the United States and Canada. And speaking of insects, only four species have been domesticated by man — the honey bee, the silk moth, and the cochineal and lac insects.

You can't go  
**ALL-OUT**

If you feel  
**ALL-IN**

These days, most people work under pressure, worry more, sleep less. This strain on body and brain makes physical fitness easier to lose—harder to regain. Today's tense living, lowered resistance, overwork, worry—any of these may affect normal kidney action. When kidneys get out of order, excess acids and wastes remain in the system. Then backaches, disturbed rest, that "tired-out" heavy-headed feeling often follow. That's the time to take Dodd's Kidney Pills. Dodd's stimulates the kidneys to normal action. Then you feel better—deeper better—work better. Ask for Dodd's Kidney Pills at any drug counter.

## First Settler Looked Down On Site Of Penticton 89 Years Ago

Eighty-nine years ago the Okanagan's first white settler, Tom Ellis, first laid eyes on this land between the lakes. It was at dusk when he arrived and his diary records that he had sufficient light to look around the place that was to become his home for his last 40 years. He wasn't impressed with the flats and the arid benches but he stayed.

Recollections of the early days of this city and district were recalled for Kivanians at their noon luncheon last week by "one who was there", Miss Kathleen Ellis, second white girl to be born in the valley.

She told the story of her father who came here on May 25, 1865, with a partner from Ireland. The partner soon departed for his homeland but Tom Ellis put down his roots and a "fierce affection" grew up in him for the place that was to become the City of Penticton.

Kathleen Ellis was born here in 1887. She recalled the hardships of those early years which, as she spoke, seemed to be born out of the great distances to be travelled. Supplies were ordered once a year and brought in with great difficulty, she said. The nearest doctor was many days ride away, and conditions of travel were often hazardous, Miss Ellis continued.

Severe accidents often occurred and the decision to summon the doctor was a matter of no little concern. Of necessity Miss Ellis' mother became doctor and nurse in the little ranch home. "Next to the family bible, the big medical book was of prime importance," she said.

Tom Ellis' diary often spoke of the unbroken solitude facing the pioneers and he referred to its depressing effect on their lives. "The early days were often very uneventful," said Miss Ellis, "and for that reason, travellers were most welcome." They stayed at the Ellis ranch — there was never any question of that — and the news of the outside world was eagerly awaited.

Once the ranch was established here the Ellis family ate exceedingly well and the speaker remarked that the pigs and chickens were fed fruit and vegetables that would be of acceptable quality on any table by today's standards.

Although now in poor repair, the first house to be built in Penticton still stands. "It was constructed by J. R. Brown," on Ellis street, the speaker disclosed.

## Fellowship Meeting Held At Oliver

OLIVER — The annual fellowship meeting of the Pentecostal Assemblies of Canada, south central section, was held May 24 at the Oliver Tabernacle. Guest speaker was Baron Von Blomberg of New Hampshire. Members from the nine churches in the area, bounded by Copper Mountain, Grand Forks and West Sumnerland attended. There were 250 people at the meeting.

The Baron spoke from his personal experiences of the suffering in Europe and the need for help especially for the displaced persons, of which there are still a great number. The Baron is here in Canada to encourage assistance for these people.

The next fellowship meeting will be in Bridesville on July 1.

### SUGAR FROM WOOD

Edible sugar can be derived from wood, and has been produced on a commercial scale in Europe. Bark Fibers have been mixed with wool and felted or woven into fabrics. Much rayon is manufactured from wood cellulose. And, of course, housing has been one of the oldest and greatest uses of wood.

## Roughing It Can Be Pretty Smooth, Easy In Manner Of 1954

Life down on the farm, or a summer spent in the "cottage", has long been regarded as a mixed pleasure... a mixture, that is, of the pleasures of open-air life and freedom from the city jitters on the one hand, and a vague sense of hardships to be endured on the other. For the most part, these hardships meant lack of amenities that one takes for granted in city life, but up to now has assumed would be absent in the country.

Cooking, for instance, meant a lot of pumping and hauling of water. Bathing was such a business that it was better left to dips in the "old swimmin' hole", and, of course, many of the other conveniences of life were simply non-existent for the country dweller.

**MORE MODERN**  
All this, however, is rapidly changing, according to the Canadian Institute of Plumbing and Heating. With the increase of running water systems in rural areas, farm homes and summer cottages are becoming every bit as well equipped for modern living as are houses located within reach of city services.

A complete switch over from the old "pump and haul" system to water on tap need not be done all at once, nor involve large immediate expenditure. Many people make the installation of these amenities on a piece meal basis putting in one part of the system at a time. Heart of the system is, of course, the automatic pump. This has to be the first consideration, and its choice should depend not only upon what use is to be made of the system immediately, but with an eye to future additions and improvements.

Future needs must also be kept in mind when installing piping and drainage. Even if a bathroom is not included in the immediate project, time and money will be saved later on if the piping and drainage is suitably arranged for when the original installation is made. The same applies to a downstairs washroom, shower stall or laundry room.

Probably the first place where running water will be needed in either the farm or cottage, is the kitchen. This is the "workroom of the home", the place in which the greatest portion of housework is done. The kitchen sink is in use almost the whole day. Water is needed for the preparation of three meals a day, and for washing up after them. Here, also unless a separate sink in its own laundry room is provided, the household laundry has to be done. From the kitchen sink water is drawn for scrubbing and washing throughout the house.

On the other hand, if only a limited space is available, it does not mean that a thoroughly practical and convenient bathroom cannot be installed. Designed for just such cases, some three-piece bathrooms can be fitted into spaces no larger than 5 ft. by 5 ft. Where space is narrow, perhaps the new square bathtub will solve the problem, taking up no more than 42 inches of wall space in either direction, yet giving the length of a full-size tub diagonally.

Whether you are a country dweller, the year round or only during the hot summer months, a running water system will make your life a whole lot pleasanter. "Roughing it," you'll agree, can be pretty smooth if you do it in the true 1954 manner.

If paint is put on over anything that is mildewed, it will not stop the growth of the mildew. It may take months, but eventually the mildew will work its way through the paint. All mildew must be thoroughly removed before painting. And if there is any doubt in your mind about a possible regrowth, you can buy a preventative chemical that will stop the mildewing process in its tracks. One ounce of it is mixed with every gallon of paint. Your dealer can tell you about it.

Today's handyman host can build his own refreshment corner and be right in on the trend to built-in serving spots designed for the smaller home.

The simple fir plywood shelves, 3 inches thick is glued to the bar and stools shown here can be fitted into a small area of your living room, rumpus room or den. Forming a handsome unit, they can be finished either to contrast or complement present decorative colors of the rooms.

All parts of Douglas fir plywood are simple to cut from panels and can be assembled in an evening. Thickness of top and sides of the bar should be three-quarter-inch to give a sturdy unit, with front panel and shelves cut from half-inch plywood. Stool parts can be sawn from the three-quarter-inch panel with shelves and end pieces of the wall fixture to be half inch.

A 12-inch square of foam rubber 3 inches thick is glued to the stool tops for cushion. Cover finish can be of any suitable material. The bar rail, a decorative feature, is of chrome tubing 2 inches in diameter.

A few hours in your workshop will see all pieces and joints cut, glued and nailed. Pick your own finish. Given a good primer coat the unit can be painted to match the walls of your room and will take a beautiful finish in any woodwork paint or enamel. Many persons prefer to retain the natural warm grain of the Douglas fir wood. Wipe down stains. Clear lacquers, wax stains, shellacs and flat varnishes offer an infinite variety of natural finishes.

## Orchards Do Better With Cover Crops

When commercial orchards were first planted in British Columbia, cover crops were not commonly grown. It came to be a mark of poor husbandry if any weeds were to be seen through the orchards; and so the ground in many cases was kept quite bare.

This was the practice followed at first at the Summerland Experimental Station. But it was eventually found that continual clean cultivation caused the soil to deteriorate. The soil lost much of its content of organic matter, it became hard and flinty when dry, and took water poorly. This in turn had a deleterious effect on tree growth and production. As a result it has become customary to grow cover crops.

Some growers still question this practice but J. C. Wilcox of the Summerland Station points out that cover crops serve the following purposes. (a) They add organic matter to the soil, (b) their roots help to open up the subsoil, (c) they help to prevent soil erosion, (d) they keep the soil somewhat warmer in the winter and cooler in the summer.

On the other hand, cover crops take more water from the soil than does clean cultivation. And so in some non-irrigated districts where summer rainfall is low it has not been found possible to grow permanent cover crops. Doing so causes the trees to suffer from lack of water. In some cases, an over-winter cover crop of hairy vetch or fall rye can be grown and then turned under in the late spring. In other cases, cheap mulching materials such as straw or sawdust can be applied to the soil. Where cover crops can be grown, however, they provide much the cheapest source of organic matter for the soil.

The lunch carried to work or school can be a tasty meal if a little imagination is used in its preparation. A vacuum flask of hot thick soup or other semi-liquid food makes a special treat on a cold day.

## 10th Anniversary D-Day - 6 June 1954

**10TH ANNIVERSARY OF D-DAY**—Ten years ago, on the 6th of June, shock troops of the 3rd Canadian Division stormed ashore near Berniere on the coast of Normandy and fought their way through Hitler's West Wall defences to establish the beach head over which poured the men and supplies to fight and win the battles of Normandy. The photos, above, taken by Canadian Army photographers on the fateful day, recall some of the torrid action which took place on the beaches. (1) A long line of German prisoners march over the beaches on their way to internment. (2) Major General Rod Keller, commander of the 3rd division, briefs some of his men on his arrival in France. (3) Barrage balloons float over the beaches as engineers prepare roads for men and equipment. (4) Canadian tanks roar ashore from the sea. (5) and (6) Infantrymen wade ashore from the assault craft. (7) French civilians happily greet their Canadian liberators. (8) A group of German prisoners rounded up on the station platform at Berniere. (9) German prisoners carry their wounded to a beach dressing station.

## Penticton's Traffic Problems Fully Discussed At Council Meeting

Keeping pace with the traffic requirements of Penticton and its rapid growth engrossed council's attention at last week's meeting. While no single major problem was presented, an accumulation of small matters, indicating the need for changes, were discussed.

These may necessitate changes to the traffic bylaw, which was only recently completely revised. Signs covering these revisions are still in process of erection in some parts of the city.

Rigid enforcement of the new restrictions on parking, providing a one-hour limit in areas hitherto "open" and unrestricted, will be the rule after June 1, council agreed. It was stated that by that date sufficient time will have elapsed to acquaint people with the new time limits.

Linked with this will be the enforcement of the new "one-way" traffic and parking restrictions in the lanes contiguous to Main street in the downtown area.

However, these restrictions, while clearing up one vexing problem have left council, and particularly the traffic committee, headed by Alderman Wilson Hunt, with several others on its hands.

One of these is in respect to traffic lights on Main street. Alderman Hunt reported that he had watched traffic at the Main and Wade avenue intersection, and remarked that, during a busy period "this was, frankly, a mess." Other members of council agreed with him.

Council then discussed the possibility of traffic lights being installed there at "as early a date as possible." Removal of the fence around the new Hudson's Bay building, which will come down in a few weeks, will alleviate some of the trouble, through removal of part of the "blind spot" but will not obviate the many "mix-ups" that occur as traffic seeks to crawl through or even into this crossing, it was agreed. The problem has been left in the hands of the traffic committee for further study and report. Chief problem will be that of adapting a known need to the stringencies of the budget, it was indicated.

**TRAFFIC LIGHTS NEEDED**—Also at last week's meeting City Engineer Paul G. Walker reported on discussions he had held with representatives of the provincial department of public works regarding the Westminster

avenue intersection. When the highway to the north commences using this artery which will be when construction and paving is completed, traffic lights, with provision for five streets, will be needed at this point.

Mr. Walker said that the representatives had stated that the government will share in the cost of these lights, paying possibly 50 percent of the amount. The government official is also preparing plans showing some traffic "islands" which will be required to make pedestrian crossing of Main street at this point other than an hazardous affair, the engineer stated.

In discussing traffic light problems, the official had recommended the use of a "goose-neck" from existing standards to bring the lights more fully over the traffic lanes, Mr. Walker added. Alderman H. G. Garroch said that this plan is followed with considerable success in some of the southern states, cities as it means that the traffic signal cannot be confused with neon signs and other possible obstructions.

**WADE AVENUE**—Alderman Hunt said that he would agree with the idea but would prefer to see traffic lights at all the downtown intersections on Main street before any effort was made to make a change-over to the goose-neck idea, citing the Wade avenue intersection as one particularly pressing problem.

Council also agreed to provide a new crosswalk on Government street at the intersection with Forestbrook Drive, on the basis that many school children use this route in walking to and from the central schools.

Slow signs will also be provided near the city's trailer camp, and on Calgary avenue from Main street to Fairview Road. Possibility of providing a footpath on this street was referred to the traffic committee.

## Governor Reports To Fruit Growers

Plan to participate in the Pacific National Exhibition at Vancouver this year will probably be abandoned, Gordon Wright, Oliver, member of the Board of Governors, B.C. Tree Fruits Limited, told members of Southern District Council, BCFGA, at their regular meeting last Saturday.

Mr. Wright said reasoning behind taking a display booth would be to "push" the sale of fruit but with a short crop in prospect this seemed unnecessary.

Apple pool should be closed early in June and a report on apple maturity will be given at the next meeting, he said.

A campaign is being devised to remind growers of the necessity of getting their fruit into packinghouses during a specified time, Mr. Wright concluded.

## Penticton Hosts Biggest Jaycee Convention

The biggest annual convention in the history of B.C. Jaycees burst forth in Penticton Thursday as 225 delegates, representing 20 units of B.C. Junior Chamber of Commerce, picked up registration forms to send the first session of the three-day confab away to a flying start.

The provincial meet here, the second time Penticton Jaycees have played host on a provincial scale, was a success from the start. Although skies remained cloudy and some rain fell, the sunny Okanagan and in particular, the city of peaches and beaches, remained host supreme to the visitor. The eighteenth annual convention of the Junior Chamber of Commerce was one of three conventions being held in Penticton last week which saw a total influx of approximately 1000 visitors.

Jaycees lost little time letting Penticton citizens know they were in town as a full scale parade of delegates rolled down the main street of the city at six o'clock Thursday evening in a colorful and boisterous demonstration seldom, if ever, equalled in this famed convention city. The parade got underway as the visiting Mayor of Calgary, Don MacKay, rushed from the airport to join Penticton's Mayor Oscar Matson in the lead car.

## TOTEMS

North Vancouver unit stole the spotlight and scared more than one child as they paraded forth in huge cardboard totem poles while Jaycee representatives of other communities lavished their finest publicity for the home town.

The parade concluded at the Incola Hotel, and on the steps of the spacious verandah another phase of the heavy agenda took place. Mayor Matson, sporting a cream white, ten gallon Stetson that had all the earmarks of Calgary stampede headgear, was presented with the famed North Vancouver Jaycee Indian "talking stick" on behalf of their mayor.

## INDIAN CHIEF

Calgary Mayor MacKay became honorary chief of the Okanagan Indians at the same ceremony. Gideon Ehrens, and Dominic Paul two well-known figures in this Indian community, speaking through their interpreter, Louise Gabriel, addressed the gathering of Jaycees as Mayor MacKay received the ornate Indian head-dress which, officially, marked

## Ceremony Planned For Penticton V's

Mayor Oscar Matson informed council that a meeting had been held to plan for suitable presentations to the Penticton V's. Following this report, council discussed the matter further at last week's meeting, and agreed that Mayor Matson and city clerk H. G. Andrew should proceed with the arrangements as discussed.

The gifts will be from the hockey fans, with the Parks Board and Council making the actual presentation, with the ceremony to be at the Memorial Arena, at a date to be decided later.

## Westbank-Kelowna Ferries Kept Busy

Total of 7,930 vehicles and 13,763 passenger cars were transported across the lake by the three ferries operating over the holiday weekend. It was disclosed by the department of public works.

This was a big increase over last year when 6,296 vehicles and 11,248 passengers used the ferry system.

Traffic reached its peak on Monday, Victoria Day, when 1,959 vehicles and 3,757 passengers were transported across the lake.

Nearly a third of Canada's foreign trade moves by way of the St. Lawrence River.

him as chief Sooketkew, "chief man from prairie."

## CRABS

Over 200 fresh crabs, shipped by air in time for the Thursday evening banquet, were supplied with the compliments of the Alberni Jaycee unit. The delicacy was obtained from Tofino, Vancouver Island, through arrangements with R. Forsythe of West Coast Shell Fish.

The convention was officially opened at one o'clock in the dining room of the Incola Hotel. Penticton Jaycee President, Eric Larsen, Regional President Bud O'Sullivan, Rev. D. A. Hatfield, B.A.L.H., B.D., of New Westminster and Mayor Matson were among the notables. Frank Richter, MLA, Similkameen, was to have attended but illness prevented his presence.

## GARAGES RAIDED

Thieves raided two Penticton garages last Thursday night and in the broad daylight of Friday morning, escaping with a total of \$251.

A window was broken at Tri-angle Motors sometime Thursday night and \$2 was taken. Friday, an unattended till at McCune Motors was rifled of \$249 at approximately 10:45 a.m.

Repaint Jobs...

USE **SWP ONE-COAT REPAINT WHITE!**

You save time and labor when you use this premium quality alkyl-base exterior house paint, because one coat does the work of two!

Just once over with SWP One-Coat Repaint White and those old painted surfaces look brand new again!

### 4 WAYS BETTER!

#### Greater Hiding Power

One-Coat Repaint White has twice the hiding power of ordinary house paints. Single coat gives rich new finish to most previously-painted surfaces.

#### More Durable

You'll get years and years of protection from a single coat of SWP One-Coat Repaint White. New Alkyl content controls drying, and gives a smoother, tougher, more resilient finish.

#### Stays White Longer

Improved, all-weather Self-Cleansing action of SWP One-Coat Repaint White automatically sheds dirt and grime year in, year out, gives your house a refreshing, new white look that lasts.

#### Deeper, Warmer Tone

The purest white pigments ever used in house paint combine with exclusive tinting additive to eliminate cold, harsh glare common to ordinary white paint and give deep, rich warmth of tone.

### New Wide Range of Favorite Colors!

Soft, gentle tints that blend with nature's own color scheme... gay, bright permanent hues that excite the fancy and delight the eye... you'll find them all in SWP House Paints.

More than three times as many colors as ever before to choose from, and every one—made by Sherwin-Williams, whose time-tested reputation for color integrity, durability and service stands unsurpassed!

See them at your Sherwin-Williams dealer today!

## ATTENTION OF PARKS BOARD REQUESTED BY CITY COUNCIL

A second letter will be written to the Penticton Parks Board, covering matters that, in the opinion of council, should be attended to. This was agreed to at last week's council meeting, when two delegations appeared before city fathers presenting problems that were, the aldermen agreed, fundamentally parks responsibility.

First to appear was R. Ridler of Skaha Lake, who brought up the matter of diving-board requirements at the lake for the second successive council session.

Mr. Ridler suggested to council that City Engineer Paul G. Walker could well furnish the parks commission with specifications of a true diving board, and with the method of keeping this in shape.

"All there is now is a derelict piece of a floor joist that is split up in the middle," said Mr. Ridler.

#### IN POOR CONDITION

Mayor Oscar Matson said he had gone to Skaha Lake in company with Mr. Ridler and examined the board in question. "It seems a shame that this should be in this condition," said the mayor, who added that Alderman H. G. Garrioch had brought it to council's attention the week previously, adding that although this is fundamentally a question for the parks board, the council is interested.

Alderman Garrioch said that Mr. Ridler was perfectly right to bring the matter before the council, adding that there had been a series of small complaints regarding these items.

Alderman H. M. Geddes said that he did not think the parks board intended the floats at Skaha Lake to provide a first class diving board, Mayor Oscar

Matson interjecting the statement that there are three floats at that lake "and they are all in poor state of repair."

Alderman F. C. Christian said that he could find nothing in the parks estimates covering a diving board, but that there was an item on repairs to rafts which presumably referred to the floats.

#### SPRING BOARD NEEDED

Mr. Ridler said that a proper spring board was all that was needed, and there was no thought in his mind that a diving tower should be built on the rafts. A proper board, he added, would be made of ash or similar wood, and be about 18 inches wide. He said that it seemed regrettable that Penticton, which has so many facilities for swimming, nevertheless is making only a small contribution to aquatic sports in this field, and that one local resident had to register "from Kelowna."

He stated further that several cheap forms of matting had been tried, but without success, and that a boy injured his arm after slipping on one of the mattings. "It is you who provide the money invested in these things, and that money is not being wisely spent, if you don't see," Mr. Ridler concluded.

Shortly after Mr. Ridler had retired a second complaint, in the person of H. E. Gough, appeared respectfully, what he indicated to be a second parks board problem.

#### REMOVE FENCE

Mr. Gough stated that the fence along Power street and around on Westminster avenue, fringing Queen's Park, should be removed, and substituted with either a railing or wire fence.

"This is becoming the hang-out of hoodlums," said Mr. Gough, outlining a recent happening when a group of such "travellers" had stolen some chickens from the neighborhood, had rosted those under the judge's stand, and then had broken into the arena and stolen coffee to add to their feast.

Mayor Matson agreed with Mr. Gough that a fence of the type should be removed for both this reason, and for the fact that it makes for a "blind corner" on what will shortly become a highly-important traffic junction.

Council agreed to write a second letter to the parks board, drawing these matters to its attention, indicating the need for early action.

## B. C. Jaycees Deal With Many Resolutions Here

Junior Chamber of Commerce delegates attending the eighteenth annual provincial convention Thursday, Friday and Saturday morning. Of major importance on the agenda was the report of resolutions, under the chairmanship of Bill Adams, Oliver.

Some of the most lively debates centred around resolution 11, pertaining to automobile insurance, as submitted by the Trail Junior Chamber. The resolution, carried by a good majority, requests all automotive vehicle owners to show proof of financial responsibility, or adequate automobile insurance, before issue of license by the province.

It was pointed out in the preamble, that in the majority of accident cases, it is the older model vehicles which are not covered by insurance and are therefore impounded. As the older model autos have little resale value and are therefore of little use in satisfying claims resulting from accident, the resolution endorsed the principle of showing proof of financial responsibility prior to operating a vehicle.

A unanimous vote of delegates to resolution 12, presented by the Trail and Vernon units, will put a request before the government asking an amendment to the Municipal Act in such a manner as to eliminate the requirement of a net interest in real property of \$500, mandatory of a citizen seeking a civic or municipal office. They ask to substitute that the payment of a specified amount on the property, regardless of the method of purchase, this amount being sufficient to establish the candidate's good standing and interest in the community, be the requisite.

It was pointed out that the majority of younger men have purchased their property by means of mortgages and it will be ten to 20 years before they have attained a net interest of \$500 in their property.

Hot discussion arose between Kamloops delegates and representatives of the Alberni unit over the importance of an accident prevention resolution, dealing specifically with the numerous deaths to children through suffocation as a result of accidentally locking themselves in abandoned refrigerators and other similar airtight containers. The provincial office of

Jaycees will put a brief before the government requesting legislation that abandoning refrigerators, iceboxes or similar containers be made an offense unless the door, hinges or locking device is removed.

A resolution submitted by the Vernon unit, calling for the publication of Legislative Assembly transcripts, was adopted without question.

A point of contention and general disagreement over a Penticton resolution dealing with a proposed amendment to the highway act in regard to livestock prompted the meeting to table the matter for later discussion. The Penticton Jaycees wish to place the responsibility for livestock wandering onto arterial highways with the owners, not the motorist as is now the case. Objection on a number of factors blocked endorsement.

### Oliver Celebration Dampened By Rain

OLIVER — Rain spoiled the celebration on May 24 at Oliver this year. The parade had to be cancelled and the crowning of the May Queen was held in the school auditorium with the May pole dances in the gym.

Shirley McLennan was crowned Queen of the May by retiring Queen Sharon MacKinnley on the flower decked stage. Shirley's attendants were Darlene Knodel and Erica Ponto while the retiring Queen's attendants were Sharon Loman and Penny Reid.

The Jaycees announced their "Good Citizen" for 1954, Frank Venables. Mr. Venables has been a resident of this district for 30 years. During that time he has served on the Oliver School Board for 25 years, 15 of them as chairman. He is a veteran of the first world war and during the second world war he gave much time to the Victory Loan drives and the Red Cross. He has been active in the Oliver Elks and the Canadian Legion.

Mr. Venables' latest efforts have resulted in the nearly completed public health building at Oliver.

Following the ceremonies in the auditorium the May Pole dances were held in the school gym. W. Pearson acted as master of ceremonies.

## Do you need a NEW TRACTOR?

... then talk to "MY BANK"

If you need a new tractor on your farm, but haven't the ready cash to buy one... FIL may be the answer to your need.

A B of M Farm Improvement Loan can put you at the wheel of the latest model very quickly. And there's nothing that saves money, time and work on a farm quite so much as a modern tractor.

If your proposition is sound, you can get a B of M Farm Improvement Loan for any type of equipment you need on your farm. Why not talk to your nearest B of M manager? He'll gladly show you how a Farm Improvement Loan can help you in your operations... and how little it costs.

### THE SALES ART

I suppose when you get right down to it merchandising might be defined simply as the art of getting people to reach for something. The aim is to bridge the shortest distance between two points, namely, the product and the customer. Many are the methods of persuasion.

Strolling once in Paris I came upon the House of Coty, an austere fortress which contained a single display window some three feet square. Nestled in a bed of blue velvet, twinkling in a pencil spot, stood a tiny bottle of perfume perhaps an inch in height. That was all. But it stopped people cold on the boulevard.

I once interviewed a dedicated man whose job was to tour the country teaching grocery men how to pile corn flake boxes. Exhaustive research had established the fact that a certain precarious arrangement induced a customer compulsion to take one box from the pyramid.

Probably the most successful merchandising technique of the last century — the very antithesis of the Coty emphasis on quality and scarcity — was that developed by "the 15-cent store".

This just happens to be the 75th anniversary of the Woolworth's idea and while inflation has cooled the promise in the familiar red and gold sign — "Five, Ten, Fifteen" — the idea is still there and still has a powerful pull.

The Christian Science Monitor, in a tribute to the Woolworth formula, speaks of the wife whose idea of paradise was a five-dollar bill and all afternoon to spend it in the 15-cent store.

I am myself drawn, as if by the notes of a Pied Piper, to the appeal of a whole bunch of stuff at low prices. My favorite stores are cluttered. That is why the country general store is such a delight, so much more fascinating than the orderly department stores of the city.

My fondest memories of touring through Quebec are of the village stores in that province, which are the most crowded, airless, sunless and utterly delightful emporiums in the world.

The customer enters into a veritable pit of merchandise, a profusion piled in apparent chaos against all four walls to the very ceiling.

The calling itself is equipped with hooks and racks and all manner of goods — plows, long woollen underwear, pitchforks, denims, lanterns and what you will — are suspended in space like stalactites.

The customer does business with the proprietor in a small dark clearing and in an atmosphere perfumed by kerosene, linseed oil, grain smells, spices, wood smoke, coffee and fresh milk.

If Coty could bottle that there'd be a million in it.

Another type of store that al-

ways appealed to me, and that now, I fear, has almost disappeared beneath the crush of the chain systems, is the little corner grocery shop of the suburbs.

As I recall them now these little stores were almost always run by grizzled, work-worn men of rather advanced years with whom you had a curiously personal relationship.

It was never, "go down to the store" but "go down to Mr. Cassidy's" or "go down to Mr. Warton's."

Mr. Cassidy or Mr. Warton — God rest them! — were obviously never meant for the world of business. They would spend 10 minutes helping you in the agony of selecting three pieces of one-cent candy. They would "deliver" — which often meant Mr. Cassidy or Mr. Warton tottering to the door himself with your order.

Like the blacksmith, I suppose, they were doomed to go and while I grieve for them I must confess that the merchandising of the chain stores is undeniably progress. When I enter those turnstiles I am a wild thing, absolutely certain to take the corn flakes box at the very top of the pile, just as they knew I would.

### CCF DRIVE

Following the CCF policy of being active in talking of public affairs at all times, and not merely preceding elections, Tony Gargrave, M.L.A., was in Summerland last week, organizing a drive for his party which will be carried on throughout the Okanagan.

## Leadership Lacking Jaycees Told Here

"If Premier Bennett suddenly stepped forward and asked for ten young men, versed in the needs of the people, to come up and take a place in the provincial cabinet, could the Jaycees do it?" Calgary mayor and internationally known Jaycee Don MacKay, put this question before the noon banquet meeting, Friday, of the eighteenth annual convention of B.C. and Yukon Junior Chamber of Commerce.

Someone in the audience murmured "yes" but the colorful speaker denied that it was so. "We are not supplying the much needed leadership that the whole world cries for today," Mr. MacKay declared. "The danger signals are flashing," he said, "and our whole way of life is breaking down."

Mr. MacKay referred to our Canadian youth and termed them "the best youth of any time in our history."

The Calgary visitor scored the practice rapidly taking hold in modern communities, of providing more and more spectator interests for children. What is needed is leadership of youth to eliminate the street corner gatherings born out of the boredom of inactivity, he said.

### ATTACKS CRIME LITERATURE

From the street corner grows a "godless form of emotionalism," Mr. MacKay declared and from his briefcase produced a number of detective magazines and pocket novels commonly found on newsstands. Displaying their garishly suggestive covers before the banquet gathering, the speaker labeled them a contributing factor to juvenile crime. Their contents he said, illustrates another way of life, a totally unhealthy pattern. Bringing the point forcibly home, he took from his briefcase an ornate knife, which, in the hands of a juvenile, became the death weapon of a dispute between two boys and a girl.

"Where is the ministry of youth," Mr. MacKay challenged, "our greatest asset is not the oil of Alberta, fruit, lumber, fish — the greatest asset of Canada lies in her youth."

The speaker turned his attention to the spiritual strength of the adult world and holding up the Bible, asked, "Is this part of

your life?" A solid foundation in the knowledge of God is essential for a man to qualify his very existence, Mr. MacKay declared. Too often we try to buy ourselves out of responsibility with the great edifices we build, he commented.

All too often the leaders in the business world concern themselves merely acquiring of "gadgets and gold," said of Calgary's mayor. The bitter resentment existing many times between management and labor can only mean continuing trouble and now is the moment to begin sweeping away the prejudices which threaten our ideals, stressed the speaker.

In Mr. MacKay's opinion there is not nearly the young men ready, qualified and willing to step forward as leaders, not only in the community level but on a national and international scale. He challenged the Jaycees to meet this need and in his closing remarks, struck at the heart of the matter by asking, "When will we start?"

Mr. MacKay was accorded a standing ovation as he finished his talk.

### Shower In Honor Of Olive Ticiniski

Mrs. Frank Odorizzi gave a miscellaneous shower on Tuesday, May 18, at the home of Mrs. Frank Evans, 102 Manor Park Drive, to honor Miss Olive Ticiniski, prior to her marriage.

A lovely mauve basket filled with gifts was presented to the honoree by Miss Donna Spurel with the good wishes of all those present.

Dainty refreshments were served by Mrs. Odorizzi, assisted by Mrs. Evans and Mrs. Joe Spurel.

Guests included Mrs. Teresa Ticiniski, mother of the bride-to-be, Mrs. L. B. Hultgren, Mrs. Bill Luckey, Mrs. Bob Bailey, Mrs. Jack Brittle, Mrs. Elwood Bloggs, Mrs. Oscar Kjelson, Mrs. Mel Mays, Mrs. Fred Hillman, Mrs. Tadashi Sato, Mrs. John Peacock, Miss Audrey Hultgren, and Miss Beth Bartlett.

(If you prefer, your bank can arrange redemption of your war savings certificates for a small service charge.) — WSC-1 REV

## We have so much to protect

This Canada of ours — is ours to enjoy at a price — the price of constant alertness. We cannot take for granted our freedom to worship, to vote, to educate our children, or to order our home life as we please. All these freedoms are ours only as long as we are willing to do everything necessary to maintain and defend them. All honour then to the Canadian Soldier — the steadfast guardian of all our free institutions. Without men like him, the Canada we love might cease to be. We have so much to protect. Let us all do our part, without let-up, in whatever way our duty lies.

### SERVE CANADA AND YOURSELF IN THE ARMY

To be eligible you must be 17 to 40 years of age, skilled tradesman to 45. When applying bring birth certificate or other proof of age.
